PROXY STATEMENT

INFORMATION CONCERNING SOLICITATION AND VOTING

This proxy statement is furnished in connection with the solicitation of proxies by Amkor Technology, Inc.'s Board of Directors. The proxies will be voted at the Annual Meeting of Stockholders to be held on Tuesday, May 3, 2011, at 9:00 a.m., and at any adjournments or postponements that may take place.

The Annual Meeting will be held at Embassy Suites, Philadelphia–Valley Forge, 888 Chesterbrook Blvd., Chesterbrook, Pennsylvania, telephone number (610) 647-6700. Our principal executive offices are located at 1900 South Price Road, Chandler, Arizona 85286, telephone number (480) 821-5000.

We intend to mail definitive copies of these proxy materials on or about April 5, 2011 to stockholders of record who held our common stock at the close of business on March 15, 2011.

The following is important information in a question-and-answer format regarding the Annual Meeting and this proxy statement.

Q: What may I vote on?

- A: 1. The election of eight nominees to serve on our Board of Directors;
2. An advisory vote on the compensation of our named executive officers;
3. An advisory vote on the frequency of future advisory votes on named executive officer compensation; and
4. The ratification of the appointment of PricewaterhouseCoopers LLP ("PricewaterhouseCoopers") as our independent registered public accounting firm for the year ending December 31, 2011.

Q: How does the Board recommend I vote on the proposals?

- A: The Board recommends a vote FOR each of the director nominees, FOR the approval, on an advisory basis, of the compensation of our named executive officers, for future advisory votes on named executive officer compensation to be held EVERY YEAR, and FOR the ratification of the appointment of PricewaterhouseCoopers as our independent registered public accounting firm for 2011.

Q: Who is entitled to vote?

- A: Stockholders of record as of the close of business on March 15, 2011 (the "Record Date") are entitled to vote at the Annual Meeting. Each stockholder is entitled to one vote for each share of common stock held on the Record Date. As of the Record Date, 197,944,341 shares of Amkor's common stock were issued and outstanding.

Q: How do I vote?

- A: Registered holders may vote:
- In person at the Annual Meeting;
 - By mail by signing and dating each proxy card you receive and returning it in the postage-prepaid envelope; or
 - By internet or telephone, by following the instructions on the proxy card.

If your shares are held by a bank, brokerage firm or other record holder, please refer to your proxy card or other information provided to you for instructions on how to vote.

If you hold your shares through a broker and do not provide your broker with specific voting instructions, under the rules that govern brokers in such circumstances, your broker will have the discretion to vote such shares on routine matters, but not on non-routine matters. Even though we are a Nasdaq-listed company, the

New York Stock Exchange (“NYSE”) rules govern how a broker licensed by the NYSE can vote shares it holds on behalf of stockholders of Nasdaq-listed companies. As a result:

- Your broker will not have the authority to exercise discretion to vote your shares with respect to the election of directors, the advisory vote on the compensation of our named executive officers, and the advisory vote on the frequency of advisory votes on executive compensation because NYSE rules treat those matters as non-routine.
- Your broker will have the authority to exercise discretion to vote your shares with respect to the appointment of PricewaterhouseCoopers as our independent registered public accounting firm for the year ending December 31, 2011, because that matter is treated as routine under NYSE rules.

Because the proposals to be acted upon at the 2011 Annual Meeting include both routine and non-routine matters, we anticipate that brokers may return proxy cards that vote uninstructed shares “FOR” or “AGAINST” the ratification of the appointment of PricewaterhouseCoopers as our independent registered public accounting firm for 2011, but expressly state that the broker is NOT voting on the election of directors, the advisory vote on the compensation of our named executive officers, and the advisory vote on the frequency of future advisory votes on executive compensation. A broker’s withholding of a vote, in this case with respect to the election of directors, the compensation of our named executive officers, and the frequency of future advisory votes on executive compensation is referred to as a “broker non-vote”.

If you abstain from voting, on an advisory basis, on approval of the compensation of our named executive officers (Proposal Two), the abstention will have the same effect as a vote against the proposal. If you abstain from voting on the election of directors (Proposal One) or, on an advisory basis, on the frequency of future advisory votes on our named executive officer compensation (Proposal Three), the abstention will not have an effect on the outcome of the vote.

Q: What is the voting requirement to approve each of the proposals?

- A: In the election of directors (Proposal One), the eight directors receiving the highest number of votes cast will be elected. Approval, on an advisory basis, of the compensation of our named executive officers (Proposal Two) and ratification of PricewaterhouseCoopers as our independent registered public accounting firm (Proposal Four), require the affirmative vote of a majority of the shares present in person or represented by proxy and entitled to vote on that proposal at the annual meeting. With respect to the advisory vote regarding the frequency of future advisory votes on named executive officer compensation (Proposal Three), the frequency receiving the highest number of votes cast — one year, two years or three years — will be considered the frequency that the stockholders prefer.

Q: How can I change my vote or revoke my proxy?

- A: If you are a registered holder, you have the right to revoke your proxy and change your vote at any time before the meeting by submitting a later-dated proxy by mail, internet or telephone or by mailing a written notice of revocation to the attention of Amkor’s Secretary, Amkor Technology, Inc., 1900 South Price Road, Chandler, Arizona 85286. If your shares are held by a bank, brokerage firm or other record holder, please contact that firm or holder for instructions on how to change your vote or revoke your proxy.

Q: What does it mean if I get more than one proxy card?

- A: It means you hold shares registered in more than one account. Submit all proxies to ensure that all your shares are voted.

Q: What is a “quorum”?

- A: A “quorum” is a majority of the outstanding shares present at the meeting or represented by proxy. There must be a quorum for the meeting to be held and action to be validly taken. If you submit a properly executed proxy, even if you abstain from voting, then your shares will be counted toward the presence of a quorum. Abstentions are not counted in the tally of votes **FOR** or **AGAINST** a proposal. A withheld vote is the same as an abstention. If a broker indicates on a proxy that it does not have discretionary authority to vote certain shares on a particular matter (broker non-votes), those shares will not be counted as present or represented for

purposes of determining whether stockholder approval of that matter has been obtained but will be counted for purposes of establishing a quorum.

Q: Who can attend the Annual Meeting?

- A: All stockholders as of the Record Date may attend. For stockholders of record, government-issued picture identification will be required to enter the meeting. If your shares are held in street name, please bring proof of share ownership with you to the Annual Meeting as well as your government-issued picture identification. A copy of your brokerage account statement or an omnibus proxy (which you can get from your broker) will serve as proof of share ownership. Individuals arriving at the meeting site will not be admitted unless we can verify ownership as of the Record Date as described above or by some other means.

Q: How will voting on any other business be conducted?

- A: Although we do not know of any business to be considered at the 2011 Annual Meeting other than the proposals described in this proxy statement, if any other business is properly presented at the Annual Meeting, your proxy gives authority to James J. Kim, Amkor's Executive Chairman, and Kenneth T. Joyce, Amkor's President and Chief Executive Officer, to vote your shares on such matters at their discretion.

Q: How and when may I submit proposals for the 2012 Annual Meeting?

- A: To have your proposal included in our proxy statement and form of proxy for the 2012 Annual Meeting of Stockholders, we must receive your written proposal no later than December 9, 2011. You may submit proposals after this date for consideration at the 2012 Annual Meeting of Stockholders, but we are not required to include any proposal submitted after this date in the proxy statement or proxy card.

If you intend to submit a proposal or nomination for director for the 2012 Annual Meeting (but not seek inclusion of such proposal or nomination in the company's proxy materials), you must comply with the advance notice provisions in our bylaws. To be timely, we must receive written notice of your proposal no earlier than January 4, 2012 and no later than February 3, 2012.

All proposals must, under law, be an appropriate subject for stockholder action and must be submitted in writing to Amkor's Secretary, Amkor Technology, Inc., 1900 South Price Road, Chandler, Arizona 85286. You should also be aware of certain other requirements you must meet to have your proposal brought before the 2012 Annual Meeting. These requirements are explained in Rule 14a-8 of the Securities Exchange Act of 1934, as amended, and in our bylaws.

Q: Who is soliciting proxies?

- A: This solicitation of proxies is made by the Board of Directors. All related costs will be borne by Amkor.

We have retained the services of Georgeson Inc. to aid in the distribution of our Annual Meeting materials to brokers, bank nominees and other institutional owners. We estimate we will pay Georgeson Inc. a fee of approximately \$2,100 for such services.

Proxies may also be solicited by certain of Amkor's officers and regular employees, without additional compensation, in person or by telephone or facsimile.

PROPOSAL ONE
ELECTION OF DIRECTORS

There are eight candidates nominated for election to the Board of Directors (“Board of Directors” or “Board”) this year, seven of whom are incumbent directors and one who is a first-time nominee to the Board. Unless otherwise instructed, the proxy holders will vote the proxies received by them for the election of the eight nominees named below. Each nominee has consented to be named as a nominee in this proxy statement and to serve as a director if elected. Should any nominee become unable or decline to serve as a director or should additional persons be nominated at the meeting, the proxy holders intend to vote all proxies received by them in such a manner as will assure the election of as many nominees identified below as possible (and, if additional nominees have been designated by the Board to fill any vacancies, in such manner as to elect such additional nominees). Our nominees for the election of directors include five independent directors, as defined in the applicable rules for companies traded on Nasdaq. At the recommendation of our Nominating and Governance Committee, the Board has selected the nominees to serve as directors for a one-year term until our next annual meeting or until their successor is duly elected. We expect that each nominee will be able to serve as a director.

Required Vote

Directors are elected by a plurality of votes cast, so the eight candidates receiving the highest number of affirmative votes cast will be elected as directors. Votes withheld and broker non-votes are not counted toward the total votes cast in favor of a nominee.

**The Board unanimously recommends a vote FOR the
election of each of the nominees for director below.**

The Nominating and Governance Committee is comprised of Messrs. Churchill, Zug and Newberry, a current member of our Board who is not standing for re-election this year. If elected to the Board it is expected that Mr. Dong Hyun Park will serve on the Nominating and Governance Committee. The Nominating and Governance Committee, among its other duties:

- evaluates the current composition, organization and governance of the Board and its Committees and makes recommendations regarding such matters to the Board;
- periodically assesses desired Board qualifications, expertise and characteristics for potential Board members, and evaluates and proposes nominees for election to the Board;
- develops policies and procedures regarding the review and recommendation of nominees for director;
- oversees the Board of Directors' performance evaluation process;
- evaluates and makes recommendations to the Board of Directors concerning the appointment of directors to Board Committees, the selection of Committee chairs, and the proposal of a slate of nominees for election to the Board of Directors;
- evaluates and recommends termination of individual directors in accordance with the Board's governance principles;

- periodically reviews and re-examines the Nominating and Governance Committee's charter, structure processes and membership and makes recommendations to the Board of Directors; and
- develops and recommends Corporate Governance Guidelines for the Board of Directors, and periodically reviews these guidelines as well as our corporate governance practices and procedures;
- periodically reviews our Code of Business conduct and Ethical Guidelines; and
- periodically reviews continuing education for members of the Board.

The Board has adopted a written charter for the Nominating and Governance Committee, which is available on our website at <http://www.amkor.com>. The Nominating and Governance Committee met five times during 2010.

The Nominating and Governance Committee's goal is to ensure that the Board of Directors is comprised of individuals of high integrity, personal character and ethical standards, and that the Board reflects a diverse range of professional backgrounds and experience relevant to our business. In the biographies of each of the nominees to the Board described above, we highlighted the experiences and qualifications that were among the most important to the Nominating and Governance Committee and Board in concluding that each such nominee should serve on Amkor's Board. The Nominating and Governance Committee determines the required selection criteria and qualifications of director nominees based upon the needs of our company at the time nominees are considered. The Nominating and Governance Committee considers factors including character, judgment, independence, age, expertise, length of service and other commitments, and diversity in experience and background that will strengthen the Board's collective qualifications, skills and experience and contribute to the Board's performance of its responsibilities in the oversight of our business.

The Nominating and Governance Committee will consider the above factors for nominees identified by the Nominating and Governance Committee. The Nominating and Governance Committee uses the same process for evaluating all nominees, regardless of the original source of nomination. The Nominating and Governance Committee does not currently use the services of any third party search firm to assist in the identification or evaluation of Board member candidates. The Nominating and Governance Committee may, however, use such services in the future as it deems necessary or appropriate.

It is the policy of the Nominating and Governance Committee to consider both recommendations and nominations from stockholders for candidates to the Board of Directors. Stockholders wishing to recommend a candidate for consideration by the Nominating and Governance Committee for election to the Board of Directors can do so by writing to our Corporate Secretary at our principal executive offices. Stockholders shall give such candidate's name, home and business contact information, detailed biographical data and qualifications, information regarding any relationships between the candidate and Amkor within the last three years, written indication of the candidate's willingness to serve if elected, and evidence of the nominating person's ownership of Amkor stock. Nominations for consideration at the 2012 Annual Meeting of Stockholders must be received by our Corporate Secretary no later than February 3, 2012.

Director Independence

The Board of Directors has determined that each of Messrs. Carolin, Churchill, Newberry, Osborne, Park and Zug is independent under the Nasdaq listing standards and SEC rules. In reaching a determination that Mr. Churchill is independent under the Nasdaq listing standards and SEC rules, the Board of Directors considered certain relationships between entities affiliated with Mr. Churchill and entities affiliated with James J. Kim. These relationships include transactions, investments or partnerships in which Mr. Churchill and Mr. Kim, or entities affiliated with them, have a direct or indirect financial interest. None of these relationships involved Amkor. The Board determined that Mr. Churchill satisfies the independence requirements set forth by both Nasdaq and the SEC.

Communications with the Board of Directors

Although we do not currently have a formal policy regarding communications with the Board of Directors, stockholders may communicate with the Board of Directors by writing to us at Amkor Technology, Inc., Attn: Corporate Secretary, 1900 South Price Road, Chandler, Arizona 85286. Stockholders who would like their

submission directed to a particular Board member may so specify, and the communication will be forwarded, as appropriate.

Corporate Governance Guidelines and Codes of Ethics

Our Board has adopted Corporate Governance Guidelines, a Code of Business Conduct and Ethical Guidelines which applies to all of our officers and employees worldwide, and a separate Director Code of Ethics which applies to our directors. These documents are available on our website under the heading “Corporate Governance” at <http://www.amkor.com>.

Board Leadership Structure

As part of its review of Amkor’s overall corporate governance practices, the Board of Directors periodically reviews its leadership structure. Historically, James J. Kim, Amkor’s founder, served as both the Chief Executive Officer and Chairman of the Board of Directors. Mr. Kim became the Executive Chairman of the Board of Directors in 2009 and Mr. Joyce assumed the position of President and Chief Executive Officer and joined the Board of Directors. As a result of this structure, Amkor continues to benefit from Mr. Kim’s extensive experience in the semiconductor industry and management expertise based on his longstanding leadership role, and also benefits from the expertise and broad management experience Mr. Joyce brings to Amkor’s Board. We believe this structure is effective for Amkor and an appropriate allocation of leadership responsibilities.

Executive Sessions

Consistent with our Corporate Governance Guidelines, the non-employee directors of the Board regularly hold executive sessions. The Audit Committee, in accordance with its charter, meets separately with our Chief Financial Officer throughout the year to review our financial affairs, and meets separately in sessions with the independent auditors, internal auditors and members of management at such times the Committee deems appropriate to fulfill its responsibilities under the charter. The Nominating and Governance and Compensation Committees also meet in executive session as deemed appropriate.

Risk Oversight

The Board is responsible for overseeing Amkor’s risk management process and views risk oversight as one of the important functions it performs as a Board of Directors. While the Board is ultimately responsible for risk oversight, Board committees assist the Board in fulfilling this oversight responsibility through periodic meetings and discussions with management and company advisors, and reports to the full Board with respect to certain categories of risk.

With the assistance of the Nominating and Governance Committee, the Board has identified certain categories of risk to the company, and assigned oversight responsibility with respect to those risks to the Board as a whole and delegated to its committees specific categories of risk based on the particular functions and responsibilities of such committees.

As part of its overall responsibility for risk oversight, the Board directly oversees, among other areas, business strategy, customer and industry trends, financial performance, liquidity and capital expenditures, operations, insurance coverage, intellectual property and R&D, labor and human resources, and litigation. The Audit Committee is responsible for, among other areas, financial risk oversight including issues related to financial reporting and accounting, internal controls, disaster recovery, fraud and taxes. The Compensation Committee assesses and monitors risks related to our compensation practices and other related areas. The Nominating and Governance Committee has responsibility for oversight of risks related to, among other areas, the company’s corporate governance policies and practices that help position the Board to effectively carry out its risk oversight responsibility.

Amkor’s management is responsible for day-to-day risk management. Management’s responsibilities include identifying, evaluating and addressing potential risks that may exist at the enterprise, strategic, financial and operating levels and the development of processes for mitigating these risks. At periodic meetings of the Board and

its committees and in other meetings and discussions, management reports to and seeks guidance from the Board and its committees, as applicable, with respect to matters that could affect the company's risk profile, strategic plans, risk mitigation strategies and other aspects of the company's business. The Board oversees and monitors management in the execution of its risk oversight role.

Review and Approval of Related Party Transactions

We review all relationships and transactions in which we and our directors, executive officers or their immediate family members are participants, to determine whether such persons have a direct or indirect material interest. Management is primarily responsible for the development and implementation of processes and controls to obtain information from the directors and executive officers with respect to related party transactions and for then determining, based on the facts and circumstances, whether we or a related party have a direct or indirect material interest in the transaction. As required under SEC rules, transactions that are determined to be directly or indirectly material to us or a related party are disclosed in our proxy statement. In addition, pursuant to the Audit Committee Charter, the Audit Committee reviews and approves any related party transaction in accordance with Nasdaq rules. In the course of its review and approval of a disclosable related party transaction, the Audit Committee considers:

- the nature of the related party's interest in the transaction;
- the material terms of the transaction, including, without limitation, the amount and type of transaction;
- the importance of the transaction to the related party;
- whether the transaction would impair the judgment of a director or executive officer to act in our best interest; and
- any other matters the committee deems appropriate.

Any member of the Audit Committee who is a related party with respect to a transaction under review may not participate in the deliberations or vote respecting approval of the transaction, provided, however, that such director may be counted in determining the presence of a quorum at a meeting of the committee that considers the transaction.

Compensation Committee Interlocks and Insider Participation

During 2010, the Compensation Committee of our Board of Directors consisted of Messrs. Osborne, Carolin and Newberry. No member of the Compensation Committee was an officer or employee of Amkor or any of Amkor's subsidiaries during 2010, or had any relationship requiring disclosure under SEC regulations. None of Amkor's Compensation Committee members or executive officers has served on the board of directors or on the compensation committee of any other entity of whose executive officers served on our Board of Directors or on our Compensation Committee.

The 2007 Equity Plan, provides for an initial grant of an option to purchase 20,000 shares of our common stock to each new non-employee director when such individual first becomes a director. The director option grants are automatic and non-discretionary. In addition, each non-employee director is automatically granted an additional option to purchase 20,000 shares of our common stock when the director is re-elected to the Board of Directors by our stockholders, provided that the director has served on our Board for at least six consecutive months prior to re-election.

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

The primary objectives of our compensation program are to attract personnel for positions of substantial responsibility, and to provide incentives for them to perform to the best of their abilities to promote the success of our business. The subcontracted semiconductor packaging and test market is very competitive. To compete effectively in this market, we need key senior management and technical personnel with the talent, leadership and commitment needed to operate our business, differentiate our products and services, and respond effectively to new challenges.

These objectives have guided our Chief Executive Officer and Compensation Committee in designing pay packages with an appropriate mix of fixed and variable compensation to enable the Company to recruit, motivate and retain key executives while maintaining a competitive cost structure. The Compensation Committee reviews proposed compensation packages with our Chief Executive Officer in determining compensation packages for our key executives. The Chief Executive Officer and Compensation Committee also consult with the Executive Chairman, and the philosophy and input of the Executive Chairman is taken into consideration.

Given the competitive and highly cyclical nature of our business, it has historically been the philosophy of our Executive Chairman that management and the Compensation Committee must have the flexibility to design an executive compensation structure that allows for a mix of cash, equity and other incentives that meets the overall compensation program objectives. As a result, the cash compensation component (base salary plus bonus) has historically represented a greater portion of total compensation than the equity component in our executive compensation structure.

The Compensation Committee and our Chief Executive Officer continue to evaluate our overall executive compensation arrangements. In the fourth quarter of 2009, the Compensation Committee retained a compensation consultant to assist the Compensation Committee in reviewing the company's compensation structure for executives, including the standard elements of base salary, performance based cash bonuses, equity and other long term incentive programs, and in the selection of peer group companies for providing data to be used when evaluating our executive compensation arrangements for 2010 and beyond. In February 2010, our Chief Executive Officer recommended a compensation program for the company's senior executives. The Chief Executive Officer consulted with other senior executive officers in finance and legal and our Executive Chairman regarding his recommendation. The Compensation Committee, with the assistance of its compensation consultant, reviewed the recommendation from the Chief Executive Officer, and approved the executive compensation package for 2010 consisting of a combination of base salary, a performance based annual cash bonus and a grant of restricted stock. The compensation package for 2010 is weighted towards cash based compensation as it has been in prior years.

The Compensation Committee reviews and approves the total compensation for our executive officers and recommends to the independent members of our Board of Directors the compensation policy and forms of compensation to be received by our executive officers. In setting our executive officers' overall compensation, the Compensation Committee generally considers a variety of factors related to Amkor's performance, including in the case of our 2010 annual bonus program for executives: (i) net sales, (ii) gross margin percentage, (iii) return on invested capital, and (iv) customer satisfaction, each of which were calculated based on a pre-determined method as set by the Compensation Committee. The performance factors analyzed were used because the Compensation Committee felt that an increase in sales growth while maintaining appropriate gross margin, return on invested capital and customer satisfaction was key to increasing in shareholder value. Other considerations include the achievement of Amkor's business objectives, our fiduciary and corporate responsibilities, competitive practices and trends, and regulatory requirements.

In March 2011, in connection with preparation of the Company's proxy statement and compensation discussion and analysis disclosure, the Committee reviewed and evaluated the Company's executive compensation

and general compensation policies and practices. As part of that process, the Committee evaluated whether such policies and practices would create risks that were reasonably likely to have a material adverse effect on the Company. The Committee considered a number of factors, including the key components of the Company's compensation programs and the relative weighting of those components as part of overall compensation, as well as the considerations enumerated by the SEC.

Prior to the Committee's review, members of the executive management team (in consultation with the Company's outside legal counsel) also reviewed the Company's compensation policies and practices and considered whether those policies and practices were likely to encourage inappropriate risk-taking by executives or other employees.

Based on the foregoing, the Company concluded that its compensation policies and practices did not create risks that were reasonably likely to have a material adverse effect on the Company.

All members of the Compensation Committee are independent directors in accordance with Nasdaq, SEC and Internal Revenue Code rules. The Compensation Committee operates under a written charter that has been approved by the Board of Directors.

Our Compensation Program Rewards Individual and Company Performance

Our compensation program is designed to reward high levels of performance at a company and individual level. Our key executive incentive compensation components currently consist of cash bonuses and equity grants, both of which are designed to reward our company-wide performance and superior individual performance. In addition, given the volatility of our industry and the impact that volatility has on our variable pay, we also strive to provide competitive base salaries in order to ensure a baseline level of stable income, and health and welfare benefits in order to promote the well-being of our executives.

Our Chief Executive Officer reviews the performance of each of his direct reports on an ongoing basis. Based on this ongoing assessment of performance, our Chief Executive Officer makes recommendations to the Compensation Committee regarding the compensation of executive officers. With the exception of the Korean-based severance benefit provided to Mr. JoHoo Kim, as described in the "Severance Benefits" section below, we generally do not have individual employment, severance or change-in-control agreements or arrangements with any of our executive officers.

Our compensation program is not designed to solely reward continued service. We do not maintain a pension program for our U.S.-based executives, other than the 401(k) plan that is generally available to U.S. employees, and all salary increases and non-benefit related compensation other than base salary are structured in a manner that rewards performance, not length of service. We do not pay our executive officers retention or stay bonuses.

Although our current long-term incentive program consists of stock option and restricted stock grants that vest over time, the intrinsic nature of a stock option is that it will only provide value to the executives to the extent our stock price increases over the life of the stock option. Restricted stock provides a base level of long-term incentive compensation vesting over time that promotes the retention of key employees and ties executive compensation to the creation of long-term shareholder value through appreciation in the company's stock price.

Elements of our Compensation Program

Amkor provides two main types of compensation — fixed compensation and variable compensation. Fixed elements of compensation are not correlated directly to any measure of Amkor's performance and include items such as (i) base salary, (ii) 401(k) matching contributions, (iii) health and welfare benefits, and (iv) limited perquisites and supplemental benefits. Variable elements of compensation are based on performance and include such items as annual performance bonuses, and equity awards in the form of options to purchase shares of our common stock, restricted stock, or similar equity-based incentives. We accrue an amount related to a severance benefit plan on behalf of JooHo Kim, President of Amkor Technology Korea and Executive Vice President of Worldwide Manufacturing Operations, who is one of our named executive officers. This severance benefit is described further in the "Severance Benefits" section below. With the exception of the foregoing, we do not have any employment, severance or change-in-control arrangements in place with any of our named executive officers.

Base Salary

We pay base salaries to our U.S.-based executives on a bi-weekly basis. Mr. JooHo Kim was paid monthly as is customary in Korea. The primary purpose of base salaries at Amkor is to provide a stable source of income in order to attract and retain key executives. We also use base salary increases to reward high performing executives and to recognize increases in the scope of an individual's responsibilities, as applicable. We seek to set base salaries at a level that is sufficient to be attractive to current and prospective executives. The primary factors we considered when setting base salaries for 2010 include the experience and expertise of the individual, the value of the position to our organization and ongoing strategy, the competitive market environment, internal equity considerations, and the input of our Chief Executive Officer and our Executive Chairman. Based on these factors, the Compensation Committee reviewed and approved the 2010 base salary levels for our executive officers including adjustments for certain of our named executive officers as reflected in the summary compensation table below.

Annual Incentive Opportunities

We have generally paid cash bonuses to our executives based on the executive's performance and our financial results. We generally pay cash bonuses, if any, in the year following the year during which performance was measured. The primary purpose of the cash bonus plan is to focus the attention of key executives on our operational and financial performance. In addition, unlike stock options or restricted stock, our cash bonus program allows us to set individual and company-wide goals that are viewed as critical to our overall success on an ongoing basis. This provides us with the flexibility to adapt our focus and goals as business priorities and executives' roles change over time. Bonuses are paid to executives for a given year only if the performance goals approved by the independent members of our Board of Directors are achieved.

Target bonus levels for 2010 were set by the Compensation Committee in February 2010 in connection with its review of compensation. The target bonus levels were set based on, among other factors, alignment of executive compensation with creation of shareholder value and resulted in the following target bonus levels for 2010.

	Target Bonus as a Percentage of Base Pay	Actual Bonus Earned(2)
James J. Kim Executive Chairman(1)	66.7%	\$ 384,192
Kenneth T. Joyce President and Chief Executive Officer	125	810,000
Joanne Solomon Executive Vice President and Chief Financial Officer	85	334,560
Gil C. Tily Executive Vice President, Chief Administrative Officer, General Counsel and Corporate Secretary	75	396,000
JooHo Kim President, Amkor Technology Korea and Executive Vice President, Worldwide Manufacturing Operations	75	324,000
James M. Fusaro Executive Vice President, Assembly and Test Product Management	75	360,000

- (1) While Mr. James J. Kim is not one of our executive officers, he has been included here as his incentive compensation for 2010 was established and paid based on the same performance criteria approved by the Compensation Committee for our executive officers.
- (2) The annual incentives for 2010 were earned based on targets established by the Compensation Committee in February 2010 and each target was weighed equally in determining whether bonuses were achieved. Actual bonuses were paid at 96% of the target amount based on attainment of the performance criteria as set forth below.

[Table of Contents](#)

The targets are set forth below and were chosen based on the Compensation Committee's belief that they would incentivize our executives to contribute to increasing shareholder value:

	Minimum Payout(1)	Payout at 100%	Maximum Payout(2)
Annual sales (in \$ billion)(3)	2.5	2.7	3.0
Adjusted gross margin(3)	23%	25%	27%
Return on Invested Capital(4)	14%	16%	20%
Customer Satisfaction Assessment(5)	15	18	23

- (1) Achievement below this level results in no payout for this component.
- (2) Achievement at this level or above results in maximum payout for this component.
- (3) Results are determined based on the amounts reported in our financial statements.
- (4) For purposes of the 2010 bonus plan, Return on Invested Capital was calculated as net operating profit after tax (using an assumed 20% effective tax rate) divided by the quarterly average of debt plus equity minus cash in excess of \$200 million.
- (5) Results are determined by an assessment of customer satisfaction during 2010 based on feedback from our 20 largest customers along with operational statistics measuring our performance.

In March 2011, the Compensation Committee determined achievement of 2010 incentive compensation for all executives and our Executive Chairman based on our audited financial statements for the year ended December 31, 2010. Each criteria was weighted equally at 25%, and the attainment levels are set forth in the table below:

	Results	Percentage of Goal Achieved	Contribution to Aggregate Achievement
Annual sales	\$2.9 billion	140%	35%
Adjusted gross margin	22.6%	0%	0%
Adjusted Return on Invested Capital	17.5%	119%	30%
Customer Satisfaction Assessment	20	125%	31%
Total			96%

Long-term Incentive Compensation

Historically, Amkor has generally made stock option grants to executives on an annual basis with time-based vesting requiring continued service through each vesting date, although options have not always been granted each year. The primary purpose of stock option grants at Amkor is to align all executives with each other and stockholders with a common goal of long-term stockholder value creation. Amkor believes that stock options and restricted stock grants motivate executives by allowing them to share in the value they create for stockholders. Amkor believes that stock options issued with exercise prices equal to fair market value on the date of grant that have a time-based vesting requirement can be an effective tool because the stock options only produce value to the extent that the employee continues to be employed by us and the stock price increases, which in turn creates value for all stockholders.

The number of stock options granted to our executive officers (other than the Chief Executive Officer), and the frequency of such option grants is recommended by the Chief Executive Officer and approved by the Compensation Committee. Although a number of factors are considered, the number of stock options granted to our executive officers is determined on a case-by-case, discretionary basis, rather than on a formula basis. Factors considered include the input of our Chief Executive Officer and our Executive Chairman, individual performance potential, retention and competitive market-based compensation packages. No options were granted to our named executive officers in 2010.

In February 2010, the Compensation Committee, with the assistance of its compensation consultant, considered different types of long-term incentive vehicles and determined that it would be appropriate to grant

[Table of Contents](#)

restricted stock to the executive officers as an element of their total 2010 compensation package. It is the Compensation Committee's view that restricted stock grants are an appropriate incentive compensation tool because they provide a base level of long-term incentive compensation vesting over time that promotes the retention of key employees and ties executive compensation to the creation of long-term shareholder value through appreciation in the company's stock price.

On February 3, 2010, the Compensation Committee approved the following restricted stock awards to our named executive officers (as defined herein):

<u>Name</u>	<u>Shares</u>
Kenneth T. Joyce	40,000
Joanne Solomon	20,000
Gil C. Tily	25,000
JooHo Kim	20,000
James M. Fusaro	20,000

The shares were awarded under the 2007 Equity Incentive Plan, a copy of which was previously filed with the SEC. The shares will vest (subject to the executives' continued employment) as follows: 25% of the shares will vest on the first anniversary of the grant date, and 1/48th of the shares will vest monthly thereafter, such that 100% of the shares will become vested on the fourth anniversary of the award date. The number of shares subject to each of the awards was determined by the Compensation Committee after it considered the input of our Chief Executive Officer and our Executive Chairman, individual performance potential, retention and competitive market-based compensation packages.

Other than Mr. Joyce, our Chief Executive Officer, no other directors received restricted stock awards in 2010.

Timing of Grants

The Compensation Committee has not granted, nor does it intend in the future to grant, stock options to executives in anticipation of the release of material nonpublic information that is likely to result in changes to the price of our common stock, such as a significant positive or negative earnings announcement. In addition, discretionary stock option grants may not be made during certain "black out" periods established in connection with the public release of earnings information. Similarly, the Compensation Committee has not timed, nor does it intend in the future to time, the release of material nonpublic information based on stock option grant dates.

Other Compensation Elements

Health and Welfare Benefits. Our executives are eligible to participate in benefit programs that are generally available to substantially all salaried, full-time employees, as determined by the country of their employment.

Retirement Benefits. We do not have a pension plan in place for U.S. employees or executives. We do offer a tax-qualified 401(k) plan that, subject to Internal Revenue Service ("IRS") limits, allows U.S. executives and employees to contribute a portion of their cash compensation on a pre-tax basis to an account that is eligible to receive matching contributions. Generally, after one year of employment, we match employee contributions at a rate of 75% of the amount of compensation deferred by the participant, up to a maximum matching contribution of \$6,000 per year. The match vests ratably over three years.

Our Korean executives, participate in a severance program in Korea. This severance program provides executives with a one-time lump sum benefit at the time of separation, which benefit is calculated based on average monthly salary, years of service and seniority. Mr. JooHo Kim, our President of Amkor Technology Korea and Head of Worldwide Manufacturing Operations participates in this program.

Perquisites and Personal Benefits. In addition to the health and welfare benefits generally available to all salaried, full-time employees, Amkor also pays for our executive officers to obtain an annual medical screening. Although they make up a small portion of total compensation for our named executive officers, the purpose of these compensation elements is to promote the continuous well-being of our executives, and to ensure that our most

critical employees are able to devote their attention to our ongoing success. As is customary for senior executives in Korea, we provide JooHo Kim with a company-paid car.

Tax and Accounting Considerations

Section 162(m) of the Internal Revenue Code imposes limitations on the deductibility for federal income tax purposes of compensation over \$1 million paid to each of our five most highly paid executive officers in a taxable year. Compensation above \$1 million may only be deducted if it is “performance-based compensation” within the meaning of the Internal Revenue Code. Stock option awards generally are performance-based compensation meeting those requirements and, as such, are fully deductible provided that they have been granted by a committee whose members are non-employee directors. Restricted stock grants are not considered performance-based compensation for purposes of Section 162(m) unless vesting is based on the achievement of specific performance goals.

It is our intent, where practicable, to structure executive bonus payments under our Executive Bonus Plan to be deductible under Section 162(m). However, we retain the flexibility to pay compensation that is not entirely deductible where appropriate to promote company goals. We have also structured our compensation programs to comply with Section 409A of the Internal Revenue Code.

For accounting purposes equity awards are measured at their fair value at the date of grant with the resulting compensation expense recognized ratably over the service period which is generally the vesting period of the award.

Report of the Compensation Committee of the Board of Directors

The Compensation Committee has reviewed and discussed with management the Compensation Discussion and Analysis for the year ended December 31, 2010. Based on the review and discussions, the Compensation Committee recommended to the Board of Directors, and the Board has approved, that the Compensation Discussion and Analysis be included in this Proxy Statement on Schedule 14A.

This report is submitted by the Compensation Committee.

Assumptions used in the calculation of these amounts are included in Note 3 to our Consolidated Financial Statements included in our Annual Report on Form 10-K filed with the SEC on February 24, 2011. These amounts reflect the accounting expense for these awards, and do not correspond to the actual value, if any, that will be recognized by the named executive officers.

- (6) The option was granted on November 13, 2007 with the following vesting schedule: The option vests over four years with 25% of the option becoming exercisable on the first anniversary of the grant date and 1/48th of the shares subject to the option vesting monthly thereafter.

2010 Option Exercises and Stock Vested

There were no stock options exercised by our named executive officers and no restricted stock vested during 2010.

2010 Severance Benefits

None of our U.S. executives has a pension benefit or post-retirement health coverage arrangement provided by Amkor.

Mr. JooHo Kim participates in a severance benefit program under which Korean executives are entitled to a one-time lump sum benefit at the time of separation. This amount is calculated based on average monthly salary, years of service and seniority. Under this severance benefit, Mr. Kim will be entitled to certain benefits upon termination of his employment with Amkor, as follows:

Compensation Component	Event							
	Voluntary Resignation	Early Retirement	Normal Retirement(1)	Involuntary Not for Cause	For Cause Termination	Change-in Control	Death	Disability
Korean Severance Plan(1)(2)	\$340,374	\$340,374	\$340,374	\$340,374	\$340,374	\$340,374	\$340,374	\$340,374
Form of Payment(3)	Lump Sum	Lump Sum	Lump Sum	Lump Sum	Lump Sum	Lump Sum	Lump Sum	Lump Sum

Notes

- (1) There is no normal retirement age for executives under the Korean Severance Plan. The values presented assume Mr. Kim's termination of employment at December 31, 2010.
- (2) The exchange rate from Korean Won to U.S. dollars was based on the spot rate on December 31, 2010.
- (3) Mr. Kim's benefit is payable in the form of a lump sum which is calculated directly based on average monthly salary, years of service and seniority on the date of separation. The lump sum is payable immediately upon separation without any adjustment. As such, there is no conversion of an annuity to a lump sum and, thus, no need for assumptions concerning either mortality or a discount rate.

Post Employment Compensation

As described in Compensation Discussion and Analysis above, our named executive officers are employees at will and do not have employment, change-in-control or severance agreements with us. The information and related tables presented below reflect the amount of compensation that would become payable to our named executive officers upon certain events if the named executive officer's employment had terminated on December 31, 2010. The figures shown are based on Amkor's closing stock price on that date and any actual amounts paid under these scenarios, should they occur in the future, may be different. For purposes of this section, we have excluded amounts that would become payable under programs that are generally available to Amkor's salaried employees (e.g., our 401(k) plan and company-provided life insurance).

Cash Payments upon Termination of Service

Amkor does not have any executive contracts or agreements that provide for cash severance payments for terminations of any kind for U.S.-based executives. Furthermore, there is no policy that obligates us to pay severance under any circumstances. In the past, we have had an informal practice regarding severance payments where employees whose service is involuntarily terminated due to a reduction in force have generally received three weeks of base salary pay for their first year of service and one week of base salary for every year of service thereafter. This practice and formula has been used typically for non-executive officers. For executives, our past practice has generally ranged from providing six to twelve months of base salary and in one case, approximately 24 months. Mr. JooHo Kim participates in a severance benefit plan whereby he will be entitled to certain benefits upon termination of employment with Amkor.

Treatment of Equity upon Termination

Our stock incentive plans and related award agreements provide that upon termination or death, unvested shares revert to the plans under which they were granted except upon a change in control or upon retirement for shares granted after April 4, 2001. The following table shows the additional vesting, if any, for unvested equity awards and the exercise periods for vested stock option awards, if applicable, should the following events occur.

Treatment of Outstanding Stock Options and Restricted Stock upon Various Events						
Voluntary Resignation	Normal Retirement(1)(2)	Involuntary Not for Cause	For Cause Termination	Change in Control	Death	Disability

Notes

- (1) Normal Retirement is defined as termination of service on or after the date when the sum of (i) the optionee's age (rounded down to the nearest whole month), plus (ii) the number of years (rounded down to the nearest whole month) that the optionee has provided services equals or is greater than seventy-five (75).
- (2) Options granted after April 4, 2001 under the 1998 Stock Plan will continue to vest for 12 months following the optionee's retirement. The optionee has an additional 30 days after such 12 month period to exercise the options.

Based on the treatment outlined in the preceding table, the following table shows the value attributable to the acceleration of vesting for outstanding stock options and restricted stock, if applicable, under each event. The value

shown is based on a termination date of December 31, 2010 using the closing price of our common stock on that date, which was \$7.41.

Notes

- * Represents less than 1%.
- † Unless otherwise indicated, the address for each listed person is c/o Amkor Technology, Inc., 1900 South Price Road, Chandler, Arizona 85286.
- (a) The number and percentage of shares beneficially owned is determined in accordance with Rule 13d-3 under the Securities Exchange Act of 1934, as amended. The information is not necessarily indicative of beneficial

ownership for any other purpose. Under this rule, beneficial ownership includes any share over which the individual or entity has voting power or investment power. In computing the number of shares beneficially owned by a person and the percentage ownership of that person, shares of our common stock subject to options held by that person that will become exercisable within 60 days of March 25, 2011 are deemed outstanding. Unless otherwise indicated, each person or entity has sole voting and investment power with respect to shares shown as beneficially owned.

- (b) Mr. James J. Kim, our Executive Chairman of the Board of Directors, members of Mr. Kim's immediate family and affiliates own directly approximately 87,899,000 shares, or approximately 45%, of our outstanding common stock. Approximately 13,351,000 of these shares (the "2013 Convert Shares") were acquired upon the conversion in January 2011 of all \$100.0 million of our 6.25% Convertible Subordinated Notes due 2013. The Kim family also has options to acquire approximately 903,000 shares and owns \$150.0 million of our 6.0% Convertible Senior Subordinated Notes due 2014 (the "2014 Notes") that are convertible into approximately 49,595,000 shares of common stock (the "2014 Convert Shares") at a conversion price of approximately \$3.02 per share. If the options are exercised and the 2014 Notes are converted, the Kim family would own an aggregate of approximately 138,397,000 shares, or approximately 56%, of our outstanding common stock.

The 2013 Convert Shares and the 2014 Convert Shares are each subject to separate voting agreements that require the Kim family to vote these respective shares in a "neutral manner" on all matters submitted to Amkor stockholders for a vote, so that such 2013 Convert Shares and 2014 Convert Shares are voted in the same proportion as all of the other outstanding securities (excluding the other shares owned by the Kim family) that are actually voted on a proposal submitted to Amkor's stockholders for approval. The Kim family is not required to vote in a "neutral manner" any 2013 Convert Shares or 2014 Convert Shares that, when aggregated with all other voting shares held by the Kim family, represent 41.6% or less of the total then-outstanding voting shares of Amkor common stock. The voting agreement for the 2013 Convert Shares terminates upon the earliest of (i) December 1, 2013, (ii) at such time as no principal amount of the 2013 Notes or any 2013 Convert Shares remain outstanding, (iii) a change of control transaction (as defined in the voting agreement), or (iv) the mutual agreement of the Kim family and Amkor. The voting agreement for the 2014 Convert Shares terminates upon the earliest of (i) such time as no principal amount of the 2014 Notes remains outstanding and the Kim family no longer beneficially own any of the 2014 Convert Shares, (ii) consummation of a change of control (as defined in the voting agreement), or (iii) the mutual agreement of the Kim family and Amkor.

As reported by James J. Kim and other reporting persons on a Schedule 13D/A filed with the SEC on March 28, 2011 (the "Kim Schedule 13D"), 138,396,737 shares shown as beneficially owned includes 71,383,772 shares held by James J. Kim, of which 842,500 shares are issuable upon exercise of stock options that will become exercisable within 60 days of February 28, 2011, 1,930,555 shares are subject to shared voting and investment power and 49,594,980 shares that are issuable upon conversion of the 2014 Notes that are convertible at any time prior to the maturity date held by 915 Investments, LP, a partnership in which James J. Kim is the sole general partner (the "915 Partnership"); 23 shares held by his spouse, Agnes C. Kim; 6,249,832 shares held by John T. Kim individually, all of which are subject to shared voting and investment power; 17,155,857 shares held by David D. Kim in his capacity as trustee of certain Kim Trusts as named and so designated in the Kim Schedule 13D, of which 2,698,513 shares are subject to shared voting and investment power; 6,189,831 shares held by Susan Y. Kim individually, all of which are subject to shared voting and investment power; 31,608,864 shares held by Susan Y. Kim in her capacity as trustee of certain Kim Trusts as named and so designated in the Kim Schedule 13D, of which 25,036,520 shares are subject to shared voting power, 25,351,520 shares are subject to shared investment power and 6,572,344 shares are subject to sole voting power; 1,150,000 shares held by The James and Agnes Kim Foundation, Inc. (the "Foundation"); and 6,189,831 shares held by Sujoda Investments, LP, a partnership established for the benefit of members of the James J. Kim family, (the "Sujoda Partnership").

The 2014 Notes referenced herein were purchased by James J. Kim and one of his affiliates on April 1, 2009 and are described more fully in the “Related Party Transactions” section above. To date the 2014 Notes have not been converted.

Each of the individuals named above in this footnote (b) (individually and as trustee of any Kim Trusts), the Sujoda Partnership, the 915 Partnership, the Foundation and the Kim Trusts may be deemed members of a group under Section 13(d) of the Exchange Act consisting of members of James J. Kim’s family, the Kim Trusts, the Sujoda Partnership, the 915 Partnership and the Foundation (collectively, the “James J. Kim Family Group”), who each may exercise voting and/or investment power in one or more capacities with respect to the shares of common stock in concert with other members of the James J. Kim Family Group. None of the trust agreements for the Kim Trusts prohibit the trustees of such trusts from voting the shares of common stock of the Company held by them, in their discretion, in concert with members of the James J. Kim Family Group. James J. and Agnes C. Kim are husband and wife. James J. and Agnes C. Kim are parents of Susan Y. Kim, David D. Kim and John T. Kim. John T. Kim is the parent of Allyson Lee Kim and Jason Lee Kim and is the co-trustee of each of his children’s trusts along with Susan Y. Kim. Susan Y. Kim f/b/o Children of David D. Kim dated 11/11/05, along with John T. Kim. James J. Kim and Susan Y. Kim are co-trustees of the James J. Kim 2009 Qualified Annuity Trust dated 12/29/09. Susan Y. Kim, David D. Kim and John T. Kim are also co-trustees of The James J. Kim GRAT Remainder Trust UA dated 11/14/08. The trustees of each Kim Trust may be deemed to be the beneficial owners of the shares held by such Kim Trust.

James J. Kim, as general partner of the 915 Partnership, has voting and investment power with respect to all of the securities held by the 915 Partnership. Sujoda Management, LLC is the general partner of Sujoda Partnership. The sole members of Sujoda Management LLC are John T. Kim, Susan Y. Kim and David D. Kim. In addition, all of the directors and officers of the Foundation are members of the James J. Kim Family Group. Accordingly, the 915 Partnership, the Sujoda Partnership and the Foundation might each be expected to vote its shares of common stock in concert with the other members of the James J. Kim Family Group.

James J. Kim, the Foundation, Irrevocable Deed of Trust of James J. Kim for Jacqueline Mary Panichello dated 10/3/94, Irrevocable Deed of Trust of James J. The 2005 Investors are party to a voting agreement with the Company dated as of November 18, 2005 described above and in the Kim Schedule 13D. James J. Kim and the 915 Partnership are party to a voting agreement with the Company dated March 26, 2009 described above and in the Kim Schedule 13D (the “2009 Voting Agreement”).

The James J. Kim Family may be deemed to have beneficial ownership of 138,396,737 shares or approximately 56% of the outstanding shares of common stock. Each of the foregoing persons stated that the filing of their beneficial ownership reporting statements shall not be construed as an admission that such person is, for the purposes of Section 13(d) or 13(g) of the Exchange Act, the beneficial owner of the shares of common stock reported as beneficially owned by the other such persons.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934 requires our officers and directors, and persons who own more than ten percent of a registered class of our equity securities, to file reports of ownership on Form 3 and changes in ownership on Forms 4 or 5 with the SEC. Such officers, directors and ten-percent stockholders are also required by SEC rules to furnish Amkor with copies of all forms that they file pursuant to Section 16(a).

Based solely on our review of the copies of such forms received by us, or written representations from certain reporting persons that no other reports were required for such persons, Amkor believes that all Section 16(a) filing requirements applicable to our officers, directors and ten-percent stockholders were complied with in a timely fashion during 2010, with the exception of a Form 5 filed on February 2, 2011 by James J. Kim for a gift of 1,000 shares to an individual on May 22, 2009.

PROPOSAL TWO

ADVISORY VOTE ON THE COMPENSATION OF OUR NAMED EXECUTIVE OFFICERS

The Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010, or the Dodd-Frank Act, enables our stockholders to vote to approve, on an advisory or nonbinding basis, the compensation of our named executive officers as disclosed in accordance with the SEC's rules in the "Executive Compensation" section of this proxy statement. This proposal, commonly known as a "say-on-pay" proposal, gives our stockholders the opportunity to express their views on our named executive officers' compensation as a whole. This vote is not intended to address any specific item of compensation or any specific named executive officer, but rather the overall compensation of all of our named executive officers and the philosophy, policies and practices described in this proxy statement.

The say-on-pay vote is advisory, and therefore not binding on the Company, the Compensation Committee or our Board of Directors. The say-on-pay vote will, however, provide information to us regarding investor sentiment about our executive compensation philosophy, policies and practices, which the Compensation Committee will be able to consider when determining executive compensation for the remainder of the current fiscal year and beyond. Our Board of Directors and our Compensation Committee value the opinions of our stockholders and to the extent there is any significant vote against the named executive officer compensation as disclosed in this proxy statement, we will consider our stockholders' concerns and the Compensation Committee will evaluate whether any actions are necessary to address those concerns.

We believe that the information provided within the Executive Compensation section of this proxy statement demonstrates that our executive compensation program was designed appropriately and is working to ensure management's interests are aligned with our stockholders' interests to support long-term value creation. Accordingly, we are asking our stockholders to vote "FOR" the following resolution at the Annual Meeting:

"RESOLVED, that the Company's stockholders approve, on an advisory basis, the compensation of the named executive officers, as disclosed in the Company's Proxy Statement for the Annual Meeting of Stockholders pursuant to the compensation disclosure rules of the Securities and Exchange Commission, including the Compensation Discussion and Analysis, the compensation tables and the other related disclosure."

The Board unanimously recommends a vote FOR the advisory (non-binding) vote approving the compensation of our named executive officers as described in this proxy statement. The affirmative vote of the holders of a majority of the shares present and entitled to vote is necessary for approval.

PROPOSAL THREE

ADVISORY VOTE ON THE FREQUENCY OF FUTURE ADVISORY VOTES ON NAMED EXECUTIVE OFFICER COMPENSATION

The Dodd-Frank Act also enables our stockholders to indicate, at least once every six years, how frequently we should seek future advisory votes on the compensation of our named executive officers as disclosed in accordance with the compensation disclosure rules of the SEC, which we refer to as an advisory vote on named executive officer compensation. By voting with respect to this Proposal Three, stockholders may indicate whether they would prefer that we conduct future advisory votes on executive compensation once every one, two, or three years. Stockholders also may, if they wish, abstain from casting a vote on this proposal.

After careful consideration, our Board of Directors has determined that an annual advisory vote on executive compensation will allow our stockholders to provide timely, direct input on the Company's executive compensation philosophy, policies and practices as disclosed in the proxy statement each year. The Board believes that an annual vote is therefore consistent with the Company's efforts to engage in an ongoing dialogue with our stockholders on executive compensation and corporate governance matters.

This vote is advisory and not binding on the Company or our Board of Directors in any way. The Board of Directors and the Compensation Committee will take into account the outcome of the vote, however, when considering the frequency of future advisory votes on executive compensation. The board may decide that it is in the best interests of our stockholders and the Company to hold an advisory vote on executive compensation more or less frequently than the frequency receiving the most votes cast by our stockholders.

Stockholders may cast a vote on the preferred voting frequency by selecting the option of one year, two years, three years or abstain from voting when you vote in response to the resolution set forth below:

"RESOLVED, that the option of once every one year, two years, or three years that receives the highest number of votes cast for this resolution will be determined to be the preferred frequency with which the Company is to hold a stockholder vote to approve the compensation of the named executive officers, as disclosed pursuant to the compensation disclosure rules of the Securities and Exchange Commission, including the Compensation Discussion and Analysis, the compensation tables and the other related disclosure."

The option of one year, two years or three years that receives the highest number of votes cast by stockholders will be the frequency for the advisory vote on executive compensation that has been selected by stockholders. However, because this vote is advisory and not binding on the Company, the Compensation Committee or our Board of Directors in any way, the Board of Directors may decide that it is in the best interests of our stockholders and the Company to hold an advisory vote on executive compensation more or less frequently than the option approved by our stockholders.

The Board unanimously recommends that you vote for the option of EVERY YEAR as the preferred frequency for advisory votes on named executive officer compensation.

PROPOSAL FOUR

RATIFICATION OF APPOINTMENT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Audit Committee has approved the appointment of PricewaterhouseCoopers LLP as our independent registered public accounting firm for the year ending December 31, 2011.

PricewaterhouseCoopers has served as our independent registered public accounting firm since 2000. The Board of Directors expects that representatives of PricewaterhouseCoopers will attend the Annual Meeting to make a statement if they desire to do so, and will be available to respond to appropriate questions.

We are asking our stockholders to ratify the selection of PricewaterhouseCoopers as our independent registered public accounting firm. Although ratification is not required by our bylaws or otherwise, the Board is submitting the selection of PricewaterhouseCoopers to our stockholders for ratification as a matter of good

corporate practice. Even if the selection is ratified, the Audit Committee in its discretion may select a different independent registered public accounting firm at any time during the year if it determines that such a change would be in the best interests of our company and our stockholders.

**The Board unanimously recommends a vote FOR the ratification of appointment of
PricewaterhouseCoopers as our independent registered public accounting firm for the year ending December 31, 2011.**

Policy on Audit Committee's Pre-Approval of Audit and Permissible Non-Audit Services of Independent Registered Public Accounting Firm

Our Audit Committee is required to pre-approve the audit and non-audit services performed by our independent registered public accounting firm, PricewaterhouseCoopers, in accordance with the Amkor Audit and Non-Audit Services Pre-Approval Policy. This policy provides for pre-approval of audit, audit-related, tax services and other services specifically described by the Audit Committee. The policy also provides for the general approval of additional individual engagements, which, if they exceed certain pre-established thresholds, must be separately approved by the Audit Committee.

This policy authorizes the Audit Committee to delegate to one or more of its members pre-approval authority with respect to permitted services, provided that any such pre-approval decisions must be reported to the Audit Committee. All of the services provided by PricewaterhouseCoopers during the year ended December 31, 2010 were approved by the Audit Committee. Additionally, the Audit Committee concluded that the provision of such services by PricewaterhouseCoopers was compatible with the maintenance of that firm's independence in the conduct of its auditing functions.

REPORT OF THE AUDIT COMMITTEE OF THE BOARD OF DIRECTORS

The role of the Audit Committee is to oversee Amkor's accounting and financial reporting processes on behalf of the Board of Directors. The Audit Committee is comprised solely of independent directors, as defined in the Nasdaq listing standards and SEC regulations, and it operates under a written charter adopted by the Board of Directors. The Audit Committee reviews and reassesses the adequacy of the Audit Committee Charter on an annual basis.

The Audit Committee's overall responsibility is one of oversight. Management is responsible for Amkor's consolidated financial statements as well as for maintaining effective internal controls over financial reporting, disclosure controls and procedures, compliance with laws and regulations and applicable ethical business standards. The independent registered public accounting firm is responsible for performing audits of Amkor's consolidated financial statement and the effectiveness of Amkor's internal control over financial reporting in accordance with the standards of the Public Company Accounting Oversight Board ("PCAOB") and issuing reports thereon. The Audit Committee met with the independent registered public accounting firm, with and without management present, to discuss the results of their audits and the overall quality of the Company's financial reporting.

In performing its oversight function, the Audit Committee:

(1) reviewed and discussed with management Amkor's audited consolidated financial statements for the year ended December 31, 2010;

(2) discussed with Amkor's independent registered public accounting firm the matters required to be discussed by PCAOB auditing standard AU380; and

(3) received the written disclosures and the letter from Amkor's independent registered public accounting firm required by the applicable requirements of the PCAOB, and has discussed with the independent registered public accounting firm such firm's independence. The Audit Committee also selected PricewaterhouseCoopers as Amkor's independent registered public accounting firm for the year ending December 31, 2011.

The foregoing report has been furnished by the following directors and members of the Audit Committee:

James W. Zug, Chair
Roger A. Carolin
