99.1	Text of Press Release dated October 26, 2015, which is furnished (not filed) herewith.

Amkor Technology Reports Financial Results for the Third Quarter 2015

Third Quarter Highlights

- Net sales \$734 million
- Gross margin 17.2%
- Net income \$28 million
- Earnings per diluted share \$0.12

TEMPE, Ariz. - October 26, 2015 - Amkor Technology, Inc. (NASDAQ: AMKR), a leading provider of semiconductor packaging and test services, today announced financial results for the third quarter ended September 30, 2015.

"Third quarter revenues were at the higher end of our expectations and roughly flat to Q2," said Steve Kelley, Amkor's president and chief executive officer. "Third quarter profit exceeded expectations, largely due to favorable exchange rates and a richer mix of assembly and test services."

		GAAP Results							
	Q3 2015	Q2 2015	Q3 2014						
	(\$ in mi	(\$ in millions, except per share data)							
	\$734	\$737	\$813						
argin	17.2%	15.6%	18.8%						
ncome*	\$28	\$10	\$47						
gs per diluted share*	\$0.12	\$0.04	\$0.20						

^{*}Second quarter 2015 results include a \$9 million (\$0.04 per diluted share) charge for the early extinguishment of debt related to the redemption of all \$345 million aggregate principal amount of Amkor's outstanding 7.375% Senior Notes due 2018.

Cash and cash equivalents were \$430 million, and total debt was \$1.4 billion, at September 30, 2015.

Business Outlook

"In response to the generally soft end market demand for electronic devices, we expect customers to cautiously manage inventories through the fourth quarter of 2015," said Kelley. "We are tightly controlling capital expenditures and working capital in line with the demand environment. Accordingly, we are reducing our estimate of full year 2015 capital expenditures from around \$550 million to around \$525 million, including around \$150 million of spending for our new K5 facility."

Based upon currently available information, we have the following expectations for the fourth quarter 2015:

- Net sales of \$660 million to \$710 million, down 3% to 10% from the prior quarter
- Gross margin of 13% to 17%
- Net loss of \$4 million to net income of \$12 million, or (\$0.02) to \$0.05 per share

Conference Call Information

Amkor will conduct a conference call on Monday, October 26, 2015, at 5:00 p.m. Eastern Time. This call may include material information not included in this press release. This call is being webcast and can be accessed at Amkor's website: www.amkor.com. You may also access the call by dialing 1-877-645-6380 or 1-404-991-3911. A replay of the call will be made available at Amkor's website or by dialing 1-855-859-2056 or 1-404-537-3406 (conference ID 58799565). The webcast is also being distributed over NASDAQ OMX's investor distribution network to both institutional and individual investors. Institutional investors can access the call via NASDAQ OMX's password-protected event management site, Street Events (www.streetevents.com).

About Amkor

Amkor is a leading provider of semiconductor packaging and test services to semiconductor companies and electronics OEMs. More information about Amkor is available from the company's filings with the Securities and Exchange Commission and at Amkor's website: www.amkor.com.

Forward-Looking Statement Disclaimer

This press release contains forward-looking statements within the meaning of federal securities laws. All statements other than statements of historical fact are considered forward-looking statements including, without limitation, all of the statements made under "Business Outlook" above. These forward-looking statements involve a number of risks, uncertainties, assumptions and other factors that could affect future results and cause actual results and events to differ materially from historical and expected results and those expressed or implied in the forward-looking statements, including, but not limited to, the following:

- there can be no assurance that our new factory and research and development center in Korea will be completed, or that the actual scope, costs, timeline or benefits of the project will be consistent with our current expectations;
- the highly unpredictable nature and cyclicality of the semiconductor industry;
- timing and volume of orders relative to production capacity and the inability to achieve high capacity utilization rates, control costs and improve
 profitability;
- volatility of consumer demand, double booking by customers and deterioration in forecasts from our customers for products incorporating our semiconductor packages, including any slowdown in demand or changes in customer forecasts for smartphones or other mobile devices and generally soft end market demand for electronic devices;
- · delays, lower manufacturing yields and supply constraints relating to wafers, particularly for advanced nodes and related technologies;
- · dependence on key customers and the impact of changes in our market share and prices for our services with those customers;
- the performance of our business, economic and market conditions, the cash needs and investment opportunities for the business, the need for additional capacity and facilities to service customer demand and the availability of cash flow from operations or financing;
- the effect of the global economy on credit markets, financial institutions, customers, suppliers and consumers, including the uncertain macroeconomic environment;
- the highly unpredictable nature and costs of litigation and other legal activities and the risk of adverse results of such matters and the impact of other legal proceedings;
- the negative impact on economic growth resulting from the action or inaction of the U.S. government relating to federal income tax increases for individuals or corporations, the federal debt ceiling, the federal deficit and government spending restrictions or shutdowns;
- changes in tax rates and taxes as a result of changes in U.S. or foreign tax law, the jurisdictions in which our income is determined to be earned and taxed, the outcome of tax audits and tax ruling requests, our ability to realize deferred tax assets and the expiration of tax holidays;
- · curtailment of outsourcing by our customers;
- our substantial indebtedness and restrictive covenants;
- · failure to realize sufficient cash flow or access to other sources of liquidity to fund capital additions;
- the effects of an economic slowdown in China, the U.S. and other major economies worldwide;
- disruptions in our business or deficiencies in our controls resulting from the integration of newly acquired operations or the implementation and security of, and changes to, our enterprise resource planning, factory shop floor systems and other management information systems;
- economic effects of terrorist attacks, natural disasters and military conflict;
- · competition, competitive pricing and declines in average selling prices;

- fluctuations in manufacturing yields;
- dependence on international operations and sales and exchange rate fluctuations;
- · dependence on raw material and equipment suppliers and changes in raw material and precious metal costs;
- · dependence on key personnel;
- enforcement of and compliance with intellectual property rights;
- · environmental and other governmental regulations; and
- technological challenges.

Other important risk factors that could affect the outcome of the events set forth in these statements and that could affect our operating results and financial condition are discussed in the company's Annual Report on Form 10-K for the year ended December 31, 2014 and in the company's subsequent filings with the Securities and Exchange Commission made prior to or after the date hereof. Amkor undertakes no obligation to review or update any forward-looking statements to reflect events or circumstances occurring after the date of this press release.
