PROXY STATEMENT

INFORMATION CONCERNING SOLICITATION AND VOTING

This proxy statement is furnished in connection with the solicitation of proxies by Amkor Technology, Inc.'s Board of Directors. The proxies will be voted at the Annual Meeting of Stockholders to be held on Monday, May 3, 2010, at 9:00 a.m., and at any adjournments or postponements that may take place.

The Annual Meeting will be held at Embassy Suites, Philadelphia — Valley Forge, 888 Chesterbrook Blvd., Chesterbrook, Pennsylvania, telephone number (610) 647-6700. Our principal executive offices are located at 1900 South Price Road, Chandler, Arizona 85286, telephone number (480) 821-5000.

We intend to mail definitive copies of these proxy materials on or about April 7, 2010 to stockholders of record who held our common stock at the close of business on March 15, 2010.

The following is important information in a question-and-answer format regarding the Annual Meeting and this proxy statement.

Q: What may I vote on?

- A: 1. The election of eight nominees to serve on our Board of Directors; and
2. The ratification of the appointment of PricewaterhouseCoopers LLP ("PricewaterhouseCoopers") as our independent registered public accounting firm for the year ending December 31, 2010.

Q: How does the Board recommend I vote on the proposals?

- A: The Board recommends a vote FOR each of the director nominees, and FOR the ratification of the appointment of PricewaterhouseCoopers as our independent registered public accounting firm for 2010.

Q: Who is entitled to vote?

- A: Stockholders of record as of the close of business on March 15, 2010 (the "Record Date") are entitled to vote at the Annual Meeting. Each stockholder is entitled to one vote for each share of common stock held on the Record Date. As of the Record Date, 183,241,328 shares of Amkor's common stock were issued and outstanding.

Q: How do I vote?

- A: Registered holders may vote:
 - In person at the Annual Meeting;
 - By mail by signing and dating each proxy card you receive and returning it in the postage-prepaid envelope; or
 - By internet or telephone, by following the instructions on the proxy card.

If your shares are held by a bank, brokerage firm or other record holder, please refer to your proxy card or other information provided to you for instructions on how to vote.

If you hold your shares through a broker and do not provide your broker with specific voting instructions, under the rules that govern brokers in such circumstances, your broker will have the discretion to vote such shares on routine matters, but not on non-routine matters. Even though we are a Nasdaq-listed company, the New York Stock Exchange ("NYSE") rules govern how a broker licensed by the NYSE can vote shares it holds on behalf of stockholders of Nasdaq-listed companies. As a result:

- Your broker will not have the authority to exercise discretion to vote your shares with respect to the election of directors, because NYSE rules treat those matters as non-routine.

Table of Contents

- Your broker will have the authority to exercise discretion to vote your shares with respect to the appointment of PricewaterhouseCoopers as our independent registered public accounting firm for the year ending December 31, 2010, because that matter is treated as routine under NYSE rules.

Because the proposals to be acted upon at the 2010 Annual Meeting include both routine and non-routine matters, we anticipate that brokers may return proxy cards that vote uninstructed shares “FOR” or “AGAINST” the ratification of the appointment of PricewaterhouseCoopers as our independent registered public accounting firm for 2010, but expressly state that the broker is NOT voting on the election of directors. A broker’s withholding of a vote, in this case with respect to the election of directors, is referred to as a “broker non-vote”.

Q: How can I change my vote or revoke my proxy?

- A: If you are a registered holder, you have the right to revoke your proxy and change your vote at any time before the meeting by submitting a later-dated proxy by mail, internet or telephone or by mailing a written notice of revocation to the attention of Amkor’s Secretary, Amkor Technology, Inc., 1900 South Price Road, Chandler, Arizona 85286. If your shares are held by a bank, brokerage firm or other record holder, please contact that firm or holder for instructions on how to change your vote or revoke your proxy.

Q: What does it mean if I get more than one proxy card?

- A: It means you hold shares registered in more than one account. Submit all proxies to ensure that all your shares are voted.

Q: What is a “quorum”?

- A: A “quorum” is a majority of the outstanding shares present at the meeting or represented by proxy. There must be a quorum for the meeting to be held and action to be validly taken. If you submit a properly executed proxy, even if you abstain from voting, then your shares will be counted toward the presence of a quorum. Abstentions are not counted in the tally of votes **FOR** or **AGAINST** a proposal. A withheld vote is the same as an abstention. If a broker indicates on a proxy that it does not have discretionary authority to vote certain shares on a particular matter (broker non-votes), those shares will not be counted as present or represented for purposes of determining whether stockholder approval of that matter has been obtained but will be counted for purposes of establishing a quorum.

Q: Who can attend the Annual Meeting?

- A: All stockholders as of the Record Date may attend. For stockholders of record, government-issued picture identification will be required to enter the meeting. If your shares are held in street name, please bring proof of share ownership with you to the Annual Meeting as well as your government-issued picture identification. A copy of your brokerage account statement or an omnibus proxy (which you can get from your broker) will serve as proof of share ownership. Individuals arriving at the meeting site will not be admitted unless we can verify ownership as of the Record Date as described above or by some other means.

Q: How will voting on any other business be conducted?

- A: Although we do not know of any business to be considered at the 2010 Annual Meeting other than the proposals described in this proxy statement, if any other business is properly presented at the Annual Meeting, your proxy gives authority to James J. Kim, Amkor’s Executive Chairman, and Kenneth T. Joyce, Amkor’s President and Chief Executive Officer, to vote your shares on such matters at their discretion.

Q: How and when may I submit proposals for the 2011 Annual Meeting?

- A: To have your proposal included in our proxy statement and form of proxy for the 2011 Annual Meeting of Stockholders, we must receive your written proposal no later than December 8, 2010. You may submit proposals after this date for consideration at the 2011 Annual Meeting of Stockholders, but we are not required to include any proposal submitted after this date in the proxy statement or proxy card.

If you intend to submit a proposal or nomination for director for the 2011 Annual Meeting (but not seek inclusion of such proposal or nomination in the company’s proxy materials), you must comply with the advance notice provisions in our bylaws. To be timely, we must receive written notice of your proposal no earlier than January 3, 2011 and no later than February 2, 2011.

[Table of Contents](#)

All proposals must, under law, be an appropriate subject for stockholder action and must be submitted in writing to Amkor's Secretary, Amkor Technology, Inc., 1900 South Price Road, Chandler, Arizona 85286. You should also be aware of certain other requirements you must meet to have your proposal brought before the 2011 Annual Meeting. These requirements are explained in Rule 14a-8 of the Securities Exchange Act of 1934, as amended, and in our bylaws.

Q: Who is soliciting proxies?

A: This solicitation of proxies is made by the Board of Directors. All related costs will be borne by Amkor.

We have retained the services of Georgeson Inc. to aid in the distribution of our Annual Meeting materials to brokers, bank nominees and other institutional owners. We estimate we will pay Georgeson Inc. a fee of approximately \$1,800 for such services.

Proxies may also be solicited by certain of Amkor's officers and regular employees, without additional compensation, in person or by telephone or facsimile.

PROPOSAL ONE
ELECTION OF DIRECTORS

There are eight incumbent candidates nominated for election to the Board of Directors (“Board of Directors” or “Board”) this year. Unless otherwise instructed, the proxy holders will vote the proxies received by them for the election of the eight nominees named below. Each nominee has consented to be named as a nominee in this proxy statement and to serve as a director if elected. Should any nominee become unable or decline to serve as a director or should additional persons be nominated at the meeting, the proxy holders intend to vote all proxies received by them in such a manner as will assure the election of as many nominees identified below as possible (and, if additional nominees have been designated by the Board to fill any vacancies, in such manner as to elect such additional nominees). Our nominees for the election of directors include five independent directors, as defined in the applicable rules for companies traded on Nasdaq. At the recommendation of our Nominating and Governance Committee, the Board has selected the nominees to serve as directors for a one-year term until our next annual meeting or until their successor is duly elected. We expect that each nominee will be able to serve as a director.

Required Vote

Directors are elected by a plurality of votes cast, so the eight candidates receiving the highest number of affirmative votes cast will be elected as directors. Votes withheld and broker non-votes are not counted toward the total votes cast in favor of a nominee.

**The Board unanimously recommends a vote FOR the
election of each of the nominees for director below.**

Table of Contents

The Nominating and Governance Committee's goal is to ensure that the Board of Directors is comprised of individuals of high integrity, personal character and ethical standards, and that the Board reflects a diverse range of professional backgrounds and experience relevant to our business. In the biographies of each of the nominees to the Board described above, we highlighted the experiences and qualifications that were among the most important to the Nominating and Governance Committee and Board in concluding that each such nominee should serve on Amkor's Board. The Nominating and Governance Committee determines the required selection criteria and qualifications of director nominees based upon the needs of our company at the time nominees are considered. The Nominating and Governance Committee considers factors including character, judgment, independence, age, expertise, length of service and other commitments, and diversity in experience and background that will strengthen the Board's collective qualifications, skills and experience and contribute to the Board's performance of its responsibilities in the oversight of our business.

The Nominating and Governance Committee will consider the above factors for nominees identified by the Nominating and Governance Committee. The Nominating and Governance Committee uses the same process for evaluating all nominees, regardless of the original source of nomination. The Nominating and Governance Committee does not currently use the services of any third party search firm to assist in the identification or evaluation of Board member candidates. The Nominating and Governance Committee may, however, use such services in the future as it deems necessary or appropriate.

It is the policy of the Nominating and Governance Committee to consider both recommendations and nominations from stockholders for candidates to the Board of Directors. Stockholders wishing to recommend a candidate for consideration by the Nominating and Governance Committee for election to the Board of Directors can do so by writing to our Corporate Secretary at our principal executive offices. Stockholders shall give such candidate's name, home and business contact information, detailed biographical data and qualifications, information regarding any relationships between the candidate and Amkor within the last three years, written indication of the candidate's willingness to serve if elected, and evidence of the nominating person's ownership of Amkor stock. Director Independence

The Board of Directors has determined that each of Messrs. Carolin, Churchill, Newberry, Osborne and Zug is independent under the Nasdaq listing standards and SEC rules. In reaching a determination that Mr. Churchill is independent under the Nasdaq listing standards and SEC rules, the Board of Directors considered certain relationships between entities affiliated with Mr. Churchill and entities affiliated with James J. Kim. These relationships include transactions, investments or partnerships in which Mr. Churchill and Mr. Kim, or entities affiliated with them, have a direct or indirect financial interest. None of these relationships involved Amkor. The Board determined that Mr. Churchill satisfies the independence requirements set forth by both Nasdaq and the SEC.

Communications with the Board of Directors

Although we do not currently have a formal policy regarding communications with the Board of Directors, stockholders may communicate with the Board of Directors by writing to us at Amkor Technology, Inc., Attn: Corporate Secretary, 1900 South Price Road, Chandler, Arizona 85286. Stockholders who would like their submission directed to a particular Board member may so specify, and the communication will be forwarded, as appropriate.

Corporate Governance Guidelines and Codes of Ethics

Our Board has adopted Corporate Governance Guidelines, a Code of Business Conduct and Ethical Guidelines which applies to all of our officers and employees worldwide, and a separate Director Code of Ethics which applies to our directors. These documents are available on our website under the heading "Corporate Governance" at <http://www.amkor.com>.

Board Leadership Structure

As part of its review of Amkor's overall corporate governance practices, the Board of Directors periodically reviews its leadership structure. Historically, James J. Kim, Amkor's founder, served as both the Chief Executive Officer and Chairman of the Board of Directors. Pursuant to a succession plan for senior management, effective October 1, 2009, Mr. Kim became the Executive Chairman of the Board of Directors and Mr. Joyce assumed the position of President and Chief Executive Officer and joined the Board of Directors. As a result of this new structure, Amkor continues to benefit from Mr. Kim's extensive experience in the semiconductor industry and management expertise based on his longstanding leadership role, and also benefits from the expertise and broad management experience Mr. Joyce brings to Amkor's Board. We believe this structure is effective for Amkor and an appropriate allocation of leadership responsibilities.

Executive Sessions

Consistent with our Corporate Governance Guidelines, the non-employee directors of the Board regularly hold executive sessions. The Audit Committee, in accordance with its charter, meets separately with our Chief Financial Officer throughout the year to review our financial affairs, and meets separately in sessions with the independent auditors, internal auditors and members of management at such times the Committee deems appropriate to fulfill its responsibilities under the charter. The Nominating and Governance and Compensation Committees also meet in executive session as deemed appropriate.

Risk Oversight

The Board is responsible for overseeing Amkor's risk management process and views risk oversight as one of the important functions it performs as a Board of Directors. While the Board is ultimately responsible for risk oversight, Board committees assist the Board in fulfilling this oversight responsibility through periodic meetings and discussions with management and company advisors, and reports to the full Board with respect to certain categories of risk.

In 2007, with the assistance of the Nominating and Governance Committee, the Board identified certain categories of risk to the company, and assigned oversight responsibility with respect to those risks to the Board as a whole and delegated to its committees specific categories of risk based on the particular functions and responsibilities of such committees.

As part of its overall responsibility for risk oversight, the Board directly oversees, among other areas, business strategy, customer and industry trends, financial performance, liquidity and capital expenditures, operations, insurance coverage, intellectual property and R&D, labor and human resources, and litigation. The Audit Committee is responsible for, among other areas, financial risk oversight including issues related to financial reporting and accounting, internal controls, disaster recovery, fraud and taxes. The Compensation Committee assesses and monitors risks related to our compensation practices and other related areas. The Nominating and Governance Committee has responsibility for oversight of risks related to, among other areas, the company's corporate governance policies and practices that help position the Board to effectively carry out its risk oversight responsibility.

Amkor's management is responsible for day-to-day risk management. Management's responsibilities include identifying, evaluating and addressing potential risks that may exist at the enterprise, strategic, financial and operating levels and the development of processes for mitigating these risks. At periodic meetings of the Board and its committees and in other meetings and discussions, management reports to and seeks guidance from the Board and its committees, as applicable, with respect to matters that could affect the company's risk profile, strategic plans, risk mitigation strategies and other aspects of the company's business. The Board oversees and monitors management in the execution of its risk oversight role.

Review and Approval of Related Party Transactions

We review all relationships and transactions in which we and our directors, executive officers or their immediate family members are participants, to determine whether such persons have a direct or indirect material interest. Management is primarily responsible for the development and implementation of processes and controls to obtain information from the directors and executive officers with respect to related party transactions and for then determining, based on the facts and circumstances, whether we or a related party have a direct or indirect material interest in the transaction. As required under SEC rules, transactions that are determined to be directly or indirectly material to us or a related party are disclosed in our proxy statement. In addition, pursuant to the Audit Committee Charter, the Audit Committee reviews and approves any related party transaction in accordance with Nasdaq rules. In the course of its review and approval of a disclosable related party transaction, the Audit Committee considers:

- the nature of the related party’s interest in the transaction;
- the material terms of the transaction, including, without limitation, the amount and type of transaction;
- the importance of the transaction to the related party;

Table of Contents

- whether the transaction would impair the judgment of a director or executive officer to act in our best interest; and
- any other matters the committee deems appropriate.

Any member of the Audit Committee who is a related party with respect to a transaction under review may not participate in the deliberations or vote respecting approval of the transaction, provided, however, that such director may be counted in determining the presence of a quorum at a meeting of the committee that considers the transaction.

The sale of the 2014 Notes to James J. Kim and one of his affiliates was reviewed and approved by a special committee of the Board and by the independent and disinterested directors of the Board.

Compensation Committee Interlocks and Insider Participation

During 2009, the Compensation Committee of our Board of Directors consisted of Messrs. Osborne, Carolin and Newberry. No member of the Compensation Committee was an officer or employee of Amkor or any of Amkor's subsidiaries during 2009, or had any relationship requiring disclosure under SEC regulations. None of Amkor's Compensation Committee members or executive officers has served on the board of directors or on the compensation committee of any other entity of whose executive officers served on our Board of Directors or on our Compensation Committee.

DIRECTOR COMPENSATION

During 2009, non-employee directors received an annual retainer, which is paid quarterly, and Board and Committee meeting fees. The cash compensation structure for our non-employee Board members for 2009 is set forth in the following table.

In addition to the retainer and meeting fees, we also reimburse non-employee directors for travel and other reasonable out-of-pocket expenses incurred by them in attending Board and Committee meetings.

Equity Compensation

Upon re-election to the Board of Directors at our 2009 Annual Meeting, each non-employee director received an option to purchase 20,000 shares of our common stock under the terms of our 2007 Equity Incentive Plan, which was initially approved by our Stockholders in August 2007 and became effective January 1, 2008 (the "2007 Equity Plan"). The director option grants are automatic and non-discretionary. The 2007 Equity Plan provides for an initial grant of an option to purchase 20,000 shares of our common stock to each new non-employee director when such individual first becomes a director. In addition, each non-employee director is automatically granted an additional option to purchase 20,000 shares of our common stock when the director is re-elected to the Board of Directors by

our stockholders, provided that the director has served on our Board for at least six consecutive months prior to re-election.

Director option grants have a term of ten years and vest in three equal installments on the anniversary dates of the date of grant. Subject to certain customary exceptions, unvested and unexercised vested options are forfeited if a director ceases to be a member of the Board of Directors. In the event of a merger or sale of all or substantially all of our assets, the acquiring entity or corporation may either assume all outstanding options or may substitute equivalent options. Following an assumption or substitution, if the director is terminated, other than upon a voluntary resignation, any assumed or substituted options will vest and become exercisable in full. If the acquiring entity does not either assume all of the outstanding options or substitute an equivalent option, each option issued will immediately vest and become exercisable in full.

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

The primary objectives of our compensation program are to attract personnel for positions of substantial responsibility, to provide incentives for such persons to perform to the best of their abilities, and to promote the success of our business. The subcontracted semiconductor packaging and test market is very competitive. To effectively compete and succeed in this market, we need to ensure that we have key senior management and technical personnel with the talent, leadership and commitment needed to operate our business, differentiate our products and services, respond effectively to new challenges, and execute difficult decisions.

These objectives have guided our Chief Executive Officer and his predecessor as each sought to design pay packages with an appropriate mix of fixed and variable compensation and thereby enable Amkor to recruit, motivate and retain key executives while maintaining a competitive cost structure. The Compensation Committee evaluates the compensation packages, as presented by the Chief Executive Officer, based on the foregoing objectives.

As part of Amkor's overall cost reduction efforts in response to the global economic downturn during the fourth quarter of 2008 and in 2009, on December 11, 2008, the Compensation Committee approved the recommendation by senior executives that their base salaries be reduced beginning in January 2009. The salaries of our U.S. payroll named executive officers were reduced by 10%, except for James J. Kim, the company's then Chairman and Chief Executive Officer, who recommended that his salary be reduced by 50%. These salary reductions were part of a 10% reduction in the base salaries for all of our U.S. payroll employees beginning in January 2009. Mr. KyuHyun Kim, as a non-U.S. payroll employee, was not affected by this action. Mr. KyuHyun Kim's Korean-based compensation for 2009 was reduced by approximately 20% in connection with cost reduction measures in the company's manufacturing operations.

The Compensation Committee also approved the recommendation by senior executives that no cash bonus awards be made for the 2009 fiscal year under the company's 2007 Executive Incentive Bonus Plan (the "Executive Bonus Plan"). Bonus awards for the 2008 fiscal year were paid in the first quarter of 2009 to the extent earned under the Executive Bonus Plan, except for the bonus for Mr. James J. Kim. To set a further example with respect to the company's cost reduction initiatives for 2009, Mr. Kim also recommended to the Compensation Committee that he receive no bonus for 2008 and the Committee approved that recommendation.

As business conditions improved in 2009, the Compensation Committee approved the restoration of the 10% cut in base salaries for our U.S. payroll employees, including our U.S. payroll named executive officers, beginning October 1, 2009.

Given the competitive nature of our business, it has historically been the view that management and the Compensation Committee must have the flexibility to determine the appropriate executive compensation structure that, allows for a proper mix of cash, equity and other incentives, as market conditions and the industry dictate over

Table of Contents

time. The total cash compensation component (base salary plus bonus) has historically represented a greater portion than the equity component in our total executive compensation structure.

With the appointment of our new Chief Executive Officer on October 1, 2009, the Compensation Committee and our Chief Executive Officer continue to evaluate our overall executive compensation arrangements. In the fourth quarter of 2009, the Compensation Committee retained a compensation consultant to assist the Committee in reviewing the company's compensation structure for executives, including the standard elements of base salary, performance based cash bonuses, equity and other long term incentive programs, and in the selection of peer group companies for benchmarking compensation in 2010 and beyond. In February 2010, our Chief Executive Officer recommended a compensation program for the company's senior executives. The Chief Executive Officer consulted with other senior executive officers in finance and legal and our Executive Chairman regarding his recommendation. The Compensation Committee, with the assistance of its compensation consultant, reviewed the recommendation from the Chief Executive Officer, and approved the executive compensation package for 2010 consisting of a combination of base salary, a performance based annual cash bonus and a grant of restricted stock. The compensation package for 2010 is weighted towards cash based compensation as it has been in prior years.

The Compensation Committee reviews and approves the total compensation for our executive officers and recommends to the independent members of our Board of Directors the compensation policy and forms of compensation to be received by our executive officers. In setting our executive officers' overall compensation, the Compensation Committee generally considers a variety of factors related to Amkor's performance, including in the case of our 2010 annual bonus program for executives: (i) net sales growth, (ii) gross margin percentage, (iii) return on invested capital, and (iv) customer satisfaction, each of which will be calculated based on a pre-determined method as set by the Compensation Committee. Other considerations include the achievement of Amkor's business objectives, our fiduciary and corporate responsibilities, competitive practices and trends, and regulatory requirements.

All members of the Compensation Committee are independent directors in accordance with Nasdaq, SEC and Internal Revenue Code rules. The Compensation Committee operates under a written charter that has been approved by the Board of Directors.

Our Compensation Program Rewards Individual and Company Performance

Our compensation program is designed to reward high levels of performance at a company and individual level. Our key executive incentive compensation components currently consist of cash bonuses and equity grants, both of which are designed to reward our company-wide performance and superior individual performance. In addition, given the volatility of our industry and the impact that volatility has on our variable pay, we also strive to provide competitive base salaries in order to ensure a baseline level of stable income, and health and welfare benefits in order to promote the well-being of our executives.

Our Chief Executive Officer reviews the performance of each of his direct reports on an ongoing basis. Based on this ongoing assessment of performance, our Chief Executive Officer makes recommendations to the Compensation Committee regarding the compensation of executive officers. With the exception of the Korean-based severance benefit provided to Mr. KyuHyun Kim and Mr. JoHoo Kim, as described in the "Severance Benefits" section below, we generally do not have individual employment, severance or change-in-control agreements or arrangements with any of our executive officers.

Our compensation program is not designed to solely reward continued service. We do not maintain a pension program for our U.S.-based executives, other than the 401(k) plan that is generally available to U.S. employees, and all salary increases and non-benefit related compensation other than base salary are structured in a manner that rewards performance, not length of service. We do not pay our executive officers retention or stay bonuses.

Although our current long-term incentive program consists of stock option and restricted stock grants that vest over time, the intrinsic nature of a stock option is that it will only provide value to the executives to the extent our stock price increases over the life of the stock option. Restricted stock provides a base level of long-term incentive compensation vesting over time that promotes the retention of key employees and ties executive compensation to the creation of long-term shareholder value through appreciation in the company's stock price.

Elements of our Compensation Program

Amkor provides two main types of compensation — fixed compensation and variable compensation. Fixed elements of compensation are not correlated directly to any measure of Amkor's performance and include items such as (i) base salary, (ii) 401(k) matching contributions, (iii) health and welfare benefits, and (iv) limited perquisites and supplemental benefits. Variable elements of compensation are based on performance and include such items as annual performance bonuses, and equity awards in the form of options to purchase shares of our common stock, restricted stock, or similar equity-based incentives. We accrue an amount related to a severance benefit plan on behalf of JooHo Kim, President of Amkor Technology Korea and Executive Vice President of Worldwide Manufacturing Operations, and who is one of our named executive officers. This severance benefit is described further in the "Severance Benefits" section below. With the exception of the foregoing, we do not have any employment, severance or change-in-control arrangements in place with any of our named executive officers.

Base Salary and Annual Incentive Opportunities

We pay base salaries to our U.S.-based executives on a bi-weekly basis. Mr. KyuHyun Kim was paid monthly, as is Mr. JooHo Kim. The primary purpose of base salaries at Amkor is to provide a stable source of income in order to attract and retain key executives. We also use base salary increases to reward high performing executives and to recognize increases in the scope of an individual's responsibilities, as applicable. We seek to set base salaries at a level that is sufficient to be attractive to current and prospective executives. The primary factors we considered when setting base salaries in 2009 include the experience and expertise of the individual, the value of the position to our organization and ongoing strategy, the competitive market environment, internal equity considerations, and the input of our then Chief Executive Officer, James J. Kim. Based on these factors, the Compensation Committee reviewed and approved the 2009 base salary levels for our executive officers. The Chief Executive Officer's compensation for 2009 was determined by the Compensation Committee based on consideration of his recommendation for a 50% reduction in base salary in light of the global economic downturn.

In connection with the transition of James J. Kim to Executive Chairman and Kenneth T. Joyce to Chief Executive Officer on October 1, 2009, the Compensation Committee set Mr. Kim's annual base salary as Executive Chairman at \$600,000, reduced from \$1,000,000 in 2008, and set Mr. Joyce's annual base salary as Chief Executive Officer at \$675,000, increased from \$500,000 in 2008 in his previous role as President. In establishing these base salaries, the Committee considered the roles and responsibilities of each individual in his new position, level of experience, the previous level of base salary, salaries paid at other companies and other factors.

In connection with JooHo Kim's promotion to President of Amkor Technology Korea and Executive Vice President of Amkor Worldwide Manufacturing Operations, the Compensation Committee increased Mr. Kim's annual base salary to \$450,000, from \$350,000 in 2008, effective October 1, 2009. In connection with James Fusaro's promotion to Executive Vice President — Assembly and Test Product Management, the Compensation Committee increased Mr. Fusaro's base annual salary to \$450,000, from \$400,000 in 2008, effective October 1, 2009. In establishing these base salaries, the Committee considered the same factors described in the preceding paragraph.

In 2009, the Compensation Committee approved the recommendation by senior management that no cash bonus awards be made for 2009 under the company's Executive Bonus Plan.

While we did not pay any bonuses for 2009, we have generally paid cash bonuses to our executives based on the executive's performance and our financial results. We generally pay cash bonuses, if any, in the year following the year during which performance was measured. The primary purpose of the cash bonus plan is to focus the attention of key executives on our operational and financial performance. In addition, unlike stock options or restricted stock, our cash bonus program allows us to set individual and company-wide goals that are viewed as critical to our overall success on an ongoing basis. This provides us with the flexibility to adapt our focus and goals as business priorities and executives' roles change over time. Bonuses are paid to executives for a given year only if the performance goals approved by the independent members of our Board of Directors are achieved.

Long-term Incentive Compensation

Historically, Amkor has generally made stock option grants to executives on an annual basis with time-based vesting requiring continued service through each vesting date, although options have not always been granted each year. The primary purpose of stock option grants at Amkor is to align all executives with each other and stockholders with a common goal of long-term stockholder value creation. Amkor believes that stock options and restricted stock grants motivate executives by allowing them to share in the value they create for stockholders. Amkor believes that stock options issued with exercise prices equal to fair market value on the date of grant that have a time-based vesting requirement can be an effective tool because the stock options only produce value to the extent that the employee continues to be employed by us and the stock price increases, which in turn creates value for all stockholders.

The number of stock options granted to our executive officers (other than the Chief Executive Officer), and the frequency of such option grants is recommended by the Chief Executive Officer and approved by the Compensation Committee. Although a number of factors are considered, the number of stock options granted to our executive officers is determined on a case-by-case, discretionary basis, rather than on a formula basis. Factors considered include the input of our Chief Executive Officer, individual performance potential, retention and competitive market-based compensation packages. No options were granted to our named executive officers in 2009.

In February 2010, the Compensation Committee, with the assistance of its compensation consultant, considered different types of long-term incentive vehicles and determined that it would be appropriate to grant restricted stock to the executive officers as an element of their total 2010 compensation package. It is the Compensation Committee's view that restricted stock grants are an appropriate incentive compensation tool because they provide a base level of long-term incentive compensation vesting over time that promotes the retention of key employees and ties executive compensation to the creation of long-term shareholder value through appreciation in the company's stock price.

Timing of Grants

The Compensation Committee has not granted, nor does it intend in the future to grant, stock options to executives in anticipation of the release of material nonpublic information that is likely to result in changes to the price of our common stock, such as a significant positive or negative earnings announcement. In addition, discretionary stock option grants may not be made during certain "black out" periods established in connection with the public release of earnings information. Similarly, the Compensation Committee has not timed, nor does it intend in the future to time, the release of material nonpublic information based on stock option grant dates.

Other Compensation Elements

Health and Welfare Benefits. Our executives are eligible to participate in benefit programs that are generally available to substantially all salaried, full-time employees, as determined by the country of their employment.

Retirement Benefits. We do not have a pension plan in place for U.S. employees or executives. We do offer a tax-qualified 401(k) plan that, subject to Internal Revenue Service ("IRS") limits, allows U.S. executives and employees to contribute a portion of their cash compensation on a pre-tax basis to an account that is eligible to receive matching contributions. Generally, after one year of employment, we match employee contributions at a rate of 75% of the amount of compensation deferred by the participant, up to a maximum matching contribution of \$6,000 per year. The match vests ratably over three years. In 2009, the company's matching contribution was reduced by 50% until reinstated, effective January 1, 2010.

Our Korean executives, participate in a severance program in Korea. This severance program provides executives with a one-time lump sum benefit at the time of separation, which benefit is calculated based on average monthly salary, years of service and seniority. Mr. KyuHyun Kim, our former President of Amkor Technology Korea and Head of Worldwide Manufacturing Operations participated in this program, as does his successor, Mr. JooHo Kim.

On October 8, 2009, KyuHyun Kim, resigned as President of Amkor Technology Korea and Head of Amkor's Worldwide Manufacturing Operations. As part of the company's management succession plan, JooHo Kim has

Table of Contents

assumed the positions formerly held by KyuHyun Kim. JooHo Kim is the brother of James J. Kim, the company's Executive Chairman.

In connection with KyuHyun Kim's separation from the company described above, the company entered into a Separation Agreement and Release with Mr. Kim (the "Separation Agreement"). Under the Separation Agreement, the company made a one-time lump sum payment to Mr. Kim totaling Korean Won 3,167,222,223 (approximately \$2.6 million). The total amount consists of Korean Won 2,687,222,223 (approximately \$2.2 million) accrued and payable under the Amkor Technology Korea severance plan, and an additional severance amount of Korean Won 480,000,000 (approximately \$400,000), equal to twelve (12) months' base salary for Mr. Kim. Under the Separation Agreement, Mr. Kim has agreed that for the period following separation and ending on December 31, 2010 he will not engage in any business or provide employment or consulting services to another party which would compete with the company's business, or solicit the company's employees. The Separation Agreement also contains a release of claims in favor of the company.

Perquisites and Personal Benefits. In addition to the health and welfare benefits generally available to all salaried, full-time employees, Amkor also pays for our executive officers to obtain an annual medical screening. Although they make up a small portion of total compensation for our named executive officers, the purpose of these compensation elements is to promote the continuous well-being of our executives, and to ensure that our most critical employees are able to devote their attention to our ongoing success. As is customary for senior executives in Korea, we provide JooHo Kim with a company-paid car.

Tax and Accounting Considerations

Section 162(m) of the Internal Revenue Code imposes limitations on the deductibility for federal income tax purposes of compensation over \$1 million paid to each of our five most highly paid executive officers in a taxable year. Compensation above \$1 million may only be deducted if it is "performance-based compensation" within the meaning of the Internal Revenue Code. Stock option awards generally are performance-based compensation meeting those requirements and, as such, are fully deductible provided that they have been granted by a committee whose members are non-employee directors. Restricted stock grants are not considered performance-based compensation for purposes of Section 162(m) unless vesting is based on the achievement of specific performance goals.

It is our intent, where practicable, to structure executive bonus payments under our Executive Bonus Plan to be deductible under Section 162(m). However, we retain the flexibility to pay compensation that is not entirely deductible where appropriate to promote company goals. We have also structured our compensation programs to comply with Section 409A of the Internal Revenue Code.

For accounting purposes equity awards are measured at their fair value at the date of grant with the resulting compensation expense recognized ratably over the service period which is generally the vesting period of the award.

Report of the Compensation Committee of the Board of Directors

The Compensation Committee has reviewed and discussed with management the Compensation Discussion and Analysis for the year ended December 31, 2009. Based on the review and discussions, the Compensation Committee recommended to the Board of Directors, and the Board has approved, that the Compensation Discussion and Analysis be included in this Proxy Statement on Schedule 14A.

This report is submitted by the Compensation Committee.

Assumptions used in the calculation of these amounts are included in Note 3 to our Consolidated Financial Statements included in our Annual Report on Form 10-K filed with the SEC on February 24, 2010. These amounts reflect the accounting expense for these awards, and do not correspond to the actual value, if any, that will be recognized by the named executive officers.

2009 Severance Benefits

None of our U.S. executives has a pension benefit or post-retirement health coverage arrangement provided by Amkor.

On October 8, 2009, Mr. KyuHyun Kim, our former President of Amkor Technology Korea and Head of Amkor's Worldwide Manufacturing Operations, resigned.

In connection with his separation from the company, the company made a one-time lump sum payment to Mr. Kim totaling Korean Won 3,167,222,223 (approximately \$2.6 million). The total amount consists of Korean Won 2,687,222,223 (approximately \$2.2 million) accrued and payable under the Korean Severance Plan described below, and an additional severance amount of Korean Won 480,000,000 (approximately \$400,000), equal to twelve (12) months' base salary for Mr. Kim.

Mr. JooHo Kim participates in a severance benefit program under which Korean executives are entitled to a one-time lump sum benefit at the time of separation. This amount is calculated based on average monthly salary, years of service and seniority. Under this severance benefit, Mr. Kim will be entitled to certain benefits upon termination of his employment with Amkor, as follows:

Compensation Component	Event							
	Voluntary Resignation	Early Retirement	Normal Retirement(1)	Involuntary Not for Cause	For Cause Termination	Change-in Control	Death	Disability
Korean Severance Plan(1) Form of Payment(2)(3)	\$68,506 Lump Sum	\$68,506 Lump Sum	\$68,506 Lump Sum	\$68,506 Lump Sum	\$68,506 Lump Sum	\$68,506 Lump Sum	\$68,506 Lump Sum	\$68,506 Lump Sum

Table of Contents

Notes

- (1) There is no normal retirement age for executives under the Korean Severance Plan. The values presented assume Mr. Kim's termination of employment at December 31, 2009.
- (2) Mr. Kim's benefit is payable in the form of a lump sum which is calculated directly based on average monthly salary, years of service and seniority on the date of separation. The lump sum is payable immediately upon separation without any adjustment. As such, there is no conversion of an annuity to a lump sum and, thus, no need for assumptions concerning either mortality or a discount rate.
- (3) The exchange rate from Korean Won to U.S. dollars was based on the spot rate on December 31, 2009.

Post Employment Compensation

As described in Compensation Discussion and Analysis above, our named executive officers are employees at will and do not have employment, change-in-control or severance agreements with us. The information and related tables presented below reflect the amount of compensation that would become payable to our named executive officers upon certain events if the named executive officer's employment had terminated on December 31, 2009. The figures shown are based on Amkor's closing stock price on that date and any actual amounts paid under these scenarios, should they occur in the future, may be different. For purposes of this section, we have excluded amounts that would become payable under programs that are generally available to Amkor's salaried employees (e.g., our 401(k) plan and company-provided life insurance).

Cash Payments upon Termination of Service

Amkor does not have any executive contracts or agreements that provide for cash severance payments for terminations of any kind for U.S.-based executives. Furthermore, there is no policy that obligates us to pay severance under any circumstances. In the past, we have had an informal practice regarding severance payments where employees whose service is involuntarily terminated due to a reduction in force have generally received three weeks of base salary pay for their first year of service and one week of base salary for every year of service thereafter. This practice and formula has been used typically for non-executive officers. For executives, our past practice has generally ranged from providing six to twelve months of base salary and in one case, approximately 24 months. Mr. JooHo Kim participates in a severance benefit plan whereby he will be entitled to certain benefits upon termination of employment with Amkor. Mr. KyuHyun Kim received a cash payment upon his resignation in 2009, which is described under the Severance Benefits section above.

Treatment of Equity upon Termination

Our stock incentive plans and related award agreements provide that upon termination or death, unvested shares revert to the plans under which they were granted except upon a change in control or upon retirement for shares granted after April 4, 2001. The following table shows the additional vesting, if any, for unvested stock option awards and the exercise periods for vested stock option awards, if applicable, should the following events occur.

Treatment of Outstanding Stock Options upon Various Events							
Voluntary Resignation	Normal Retirement(1)(2)	Involuntary Not for Cause	For Cause	Change in Termination Control	Death	Disability	
No additional vesting; up to 3 months to exercise	No additional vesting; up to 12 months to exercise	No additional vesting; up to 3 months to exercise	No additional vesting; up to 3 months to exercise	Accelerated vesting (if not assumed); up to 90 days to exercise	No additional vesting; up to 12 months to exercise	No additional vesting; up to 12 months to exercise	

Notes

- (1) Normal Retirement is defined as termination of service on or after the date when the sum of (i) the optionee's age (rounded down to the nearest whole month), plus (ii) the number of years (rounded down to the nearest whole month) that the optionee has provided services equals or is greater than seventy-five (75).
- (2) Options granted after April 4, 2001 under the 1998 Stock Plan will continue to vest for 12 months following the optionee's retirement. The optionee has an additional 30 days after such 12 month period to exercise the options.

Table of Contents

Based on the treatment outlined in the preceding table, the following table shows the value attributable to the acceleration of vesting for outstanding stock options, if applicable, under each event. The value shown is based on a termination date of December 31, 2009 using the closing price of our common stock on that date, which was \$7.16.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934 requires our officers and directors, and persons who own more than ten percent of a registered class of our equity securities, to file reports of ownership on Form 3 and changes in ownership on Forms 4 or 5 with the SEC. Such officers, directors and ten-percent stockholders are also required by SEC rules to furnish Amkor with copies of all forms that they pursuant to Section 16(a).

Based solely on our review of the copies of such forms received by us, or written representations from certain reporting persons that no other reports were required for such persons, Amkor believes that all Section 16(a) filing requirements applicable to our officers, directors and ten-percent stockholders were complied with in a timely fashion during 2009.

PROPOSAL TWO

RATIFICATION OF APPOINTMENT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Audit Committee has approved the appointment of PricewaterhouseCoopers LLP as our independent registered public accounting firm for the year ending December 31, 2010.

PricewaterhouseCoopers has served as our independent registered public accounting firm since 2000. The Board of Directors expects that representatives of PricewaterhouseCoopers will attend the Annual Meeting to make a statement if they desire to do so, and will be available to respond to appropriate questions.

We are asking our stockholders to ratify the selection of PricewaterhouseCoopers as our independent registered public accounting firm. Although ratification is not required by our bylaws or otherwise, the Board is submitting the selection of PricewaterhouseCoopers to our stockholders for ratification as a matter of good corporate practice. Even if the selection is ratified, the Audit Committee in its discretion may select a different independent registered public accounting firm at any time during the year if it determines that such a change would be in the best interests of our company and our stockholders.

**The Board unanimously recommends a vote FOR the ratification of appointment of
PricewaterhouseCoopers as our independent registered public accounting firm for the year ending
December 31, 2010.**

Policy on Audit Committee's Pre-Approval of Audit and Permissible Non-Audit Services of Independent Registered Public Accounting Firm

Our Audit Committee is required to pre-approve the audit and non-audit services performed by our independent registered public accounting firm, PricewaterhouseCoopers, in accordance with the Amkor Audit and Non-Audit Services Pre-Approval Policy. This policy provides for pre-approval of audit, audit-related, tax services and other services specifically described by the Audit Committee. The policy also provides for the general approval of additional individual engagements, which, if they exceed certain pre-established thresholds, must be separately approved by the Audit Committee.

This policy authorizes the Audit Committee to delegate to one or more of its members pre-approval authority with respect to permitted services, provided that any such pre-approval decisions must be reported to the Audit Committee. All of the services provided by PricewaterhouseCoopers during the year ended December 31, 2009 were approved by the Audit Committee. Additionally, the Audit Committee concluded that the provision of such services by PricewaterhouseCoopers was compatible with the maintenance of that firm's independence in the conduct of its auditing functions.

REPORT OF THE AUDIT COMMITTEE OF THE BOARD OF DIRECTORS

The role of the Audit Committee is to oversee Amkor's accounting and financial reporting processes on behalf of the Board of Directors. The Audit Committee is comprised solely of independent directors, as defined in the Nasdaq listing standards and SEC regulations, and it operates under a written charter adopted by the Board of Directors. The Audit Committee reviews and reassesses the adequacy of the Audit Committee Charter on an annual basis.

The Audit Committee's overall responsibility is one of oversight. Management is responsible for Amkor's consolidated financial statements as well as for maintaining effective internal controls over financial reporting, disclosure controls and procedures, compliance with laws and regulations and applicable ethical business standards. The independent registered public accounting firm is responsible for performing audits of Amkor's consolidated financial statement and the effectiveness of Amkor's internal control over financial reporting in accordance with the standards of the Public Company Accounting Oversight Board ("PCAOB") and issuing reports thereon. The Audit Committee met with the independent registered public accounting firm, with and without management present, to discuss the results of their audits and the overall quality of the Company's financial reporting.

In performing its oversight function, the Audit Committee:

- (1) reviewed and discussed with management Amkor's audited consolidated financial statements for the year ended December 31, 2009;
- (2) discussed with Amkor's independent registered public accounting firm the matters required to be discussed by PCAOB auditing standard AU380; and
- (3) received the written disclosures and the letter from Amkor's independent registered public accounting firm required by the applicable requirements of the PCAOB, and has discussed with the independent registered public accounting firm such firm's independence. The Audit Committee considered whether the provision of non-audit services by Amkor's independent registered public accounting firm is compatible with maintaining the independence of the independent registered public accounting firm. The Audit Committee concluded that the independent registered public accounting firm is independent from Amkor and their management.

Based on all of the foregoing, the Audit Committee recommended to the Board of Directors that Amkor's audited consolidated financial statements for the year ended December 31, 2009 be included in Amkor's Annual Report on Form 10-K and filed with the SEC. The Audit Committee also selected PricewaterhouseCoopers as Amkor's independent registered public accounting firm for the year ending December 31, 2010.
