PROXY STATEMENT

INFORMATION CONCERNING SOLICITATION AND VOTING

This proxy statement is furnished in connection with the solicitation by the Board of Directors of Amkor Technology, Inc. of proxies to be voted at the Annual Meeting of Stockholders to be held on Thursday, July 29, 2004, at 11:00 a.m., and at any adjournment that may take place.

The Annual Meeting will be held at The Wyndham Suites Valley Forge, located at 888 Chesterbrook Boulevard, Wayne, Pennsylvania 19087, telephone number (610) 647-6700. Our principal executive offices are located at 1345 Enterprise Drive, West Chester, Pennsylvania 19380. Our telephone number is (610) 431-9600.

We mailed these proxy materials on or about July 2, 2004 to stockholders of record who held our common stock on June 18, 2004.

The following is important information in a question-and-answer format regarding the Annual Meeting and this Proxy Statement.

Q: What may I vote on?

A: (1) The election of eight nominees to serve on our Board of Directors;

AND

(2) The ratification of the appointment of PricewaterhouseCoopers LLP as our independent accountants for 2004.

Q: How does the Board recommend I vote on the proposals?

A: The Board recommends a vote FOR each of the nominees and FOR the appointment of PricewaterhouseCoopers LLP as independent accountants for 2004.

Q: Who is entitled to vote?

A: Stockholders as of the close of business on June 18, 2004 (the "Record Date") are entitled to vote at the Annual Meeting. Each stockholder is entitled to one vote for each share of common stock held on the Record Date. As of the Record Date, 175,700,309 shares of Amkor's common stock were issued and outstanding and held by 450 holders of record (including shares held in "street name").

Q: How do I vote?

A: You may vote in person at the Annual Meeting or by signing and dating each proxy card you receive and returning it in the prepaid envelope.

Q: How can I change my vote or revoke my proxy?

A: You have the right to revoke your proxy and change your vote at any time before the meeting by notifying Amkor's Secretary, Kevin Heron, c/o Amkor Technology, Inc., 1345 Enterprise Drive, West Chester, Pennsylvania 19380, by returning a later-dated proxy card, by voting in person at the meeting or by mailing a written notice of revocation to the attention of Amkor's Secretary.

Q: What does it mean if I get more than one proxy card?

A: It means you hold shares registered in more than one account. Sign and return all proxies to ensure that all your shares are voted.

Q: Who will count the vote?

- A: Representatives of Amkor's counsel, Wilson Sonsini Goodrich & Rosati, P.C. will count the votes and act as the inspector of elections. We believe that the procedures to be used by the inspector of elections to count the votes are consistent with Delaware law concerning voting of shares and determination of a quorum.

Q: What is a "quorum"?

- A: A "quorum" is a majority of the outstanding shares. They may be present at the meeting or represented by proxy. There must be a quorum for the meeting to be held and action to be validly taken. If you submit a properly executed proxy card, even if you abstain from voting, then you will be considered part of the quorum. Abstentions are not counted in the tally of votes **FOR** or **AGAINST** a proposal. A withheld vote is the same as an abstention. If a broker indicates on a proxy that it does not have discretionary authority as to certain shares to vote on a particular matter (broker non-votes), those shares will not be counted as present or represented for purposes of determining whether stockholder approval of that matter has been obtained but will be counted for purposes of establishing a quorum.

Q: Who can attend the annual meeting?

- A: All stockholders as of the Record Date can attend. If your shares are held in the name of a broker or other nominee, please bring proof of share ownership with you to the Annual Meeting. A copy of your brokerage account statement or an omnibus proxy (which you can get from your broker) will serve as proof of share ownership.

Q: How will voting on any other business be conducted?

- A: Although we do not know of any business to be considered at the 2004 Annual Meeting other than the proposals described in this proxy statement, if any other business is properly presented at the Annual Meeting, your signed proxy card gives authority to James J. Kim, Amkor's Chief Executive Officer, and Kenneth T. Joyce, Amkor's Chief Financial Officer, to vote your shares on such matters at their discretion.

Q: How and when may I submit proposals for the 2005 Annual Meeting?

- A: To have your proposal included in our proxy statement for the 2005 Annual Meeting, you must submit your proposal in writing on or about March 1, 2005 to Amkor's Secretary, c/o Amkor Technology, Inc., 1345 Enterprise Drive, West Chester, Pennsylvania 19380.

If you submit a proposal for the 2005 Annual Meeting after the above-referenced deadline, the proxy for the 2005 Annual Meeting may confer upon management discretionary authority to vote on your proposal.

You should also be aware of certain other requirements you must meet to have your proposal brought before the 2005 Annual Meeting, and these requirements are explained in Rule 14a-8 of the Securities Exchange Act of 1934.

Q: Who is soliciting proxies?

- A: This solicitation of proxies is made by the Board of Directors, and all related costs will be borne by Amkor.

We have retained the services of Georgeson Shareholder to aid in the distribution of annual meeting materials to brokers, bank nominees and other institutional owners. We estimate we will pay Georgeson Shareholder a fee of approximately \$4,000 for such services.

Proxies may also be solicited by certain of Amkor's officers and regular employees, without additional compensation, in person or by telephone or facsimile.

PROPOSALS YOU MAY VOTE ON

PROPOSAL ONE

ELECTION OF DIRECTORS

There are eight (8) candidates nominated for election to the Board of Directors ("Board of Directors" or "Board") this year. Unless otherwise instructed, the proxy holders will vote the proxies received by them for the election of the eight nominees named below, each of whom is presently a director. Each nominee has consented to be named a nominee in this proxy statement and to continue to serve as a director if elected. Should any nominee become unable or decline to serve as a director or should additional persons be nominated at the meeting, the proxy holders intend to vote all proxies received by them in such a manner as will assure the election of as many nominees as possible (or, if new nominees have been designated by the Board, in such manner as to elect such nominees) and the specific nominees to be voted for will be determined by the proxy holders. All directors are elected annually and serve a one-year term until our next annual meeting, or until their successor is duly elected. We expect that each nominee will be able to serve as a director.

Required Vote

Directors are elected by a plurality of votes cast, so the eight candidates receiving the highest number of affirmative votes cast will be elected as directors. Votes withheld and broker non-votes are not counted toward the total votes cast in favor of a nominee.

**Your Board unanimously recommends a vote FOR the
election of each of the nominated directors below.**

In addition, each non-employee director will automatically be granted subsequent options to purchase 10,000 shares of common stock on each date on which such director is re-elected by the stockholders of the company, provided that as of such date such director has served on the Board of Directors for at least six months. The exercise price of the options is 100% of the fair market value of the common stock on the grant date. The term of each option is ten years and each option granted to a non-employee director vests over a three year period. The Director Plan will terminate in January 2008 unless sooner terminated by the Board of Directors.

If all or substantially all of our assets are sold to another entity or we merge with or into another corporation, that acquiring entity or corporation may either assume all outstanding options under the Director Plan or may substitute equivalent options. Following an assumption or substitution, if the director is terminated other than upon a voluntary resignation, any assumed or substituted options will vest and become exercisable in full. If the acquiring entity does not either assume all of the outstanding options under the Director Plan or substitute an equivalent option, each option issued under the Director Plan will immediately vest and become exercisable in full. The Director Plan will terminate in January 2008 unless sooner terminated by the Board of Directors.

BOARD MEETINGS & COMMITTEES

Our Board of Directors meets approximately four times a year in regularly scheduled meetings, but will meet more often if necessary. The Board held four meetings and acted by unanimous written consent on three occasions during 2003. Each director attended at least 75% of all board and applicable committee meetings. The Board has determined that each of Messrs. Churchill, Hinckley, George, Neff and Zug is independent under the listing standards of the NASDAQ Stock Market.

The full Board of Directors considers all major decisions of Amkor. However, the Board has established a compensation committee, an audit committee and a nominating and governance committee. All members of the committees are appointed by the Board and are independent under the listing standards of the NASDAQ Stock Market.

Compensation Committee

The Compensation Committee is comprised of Messrs. George and Churchill. The Compensation Committee: (1) reviews and approves annual salaries, bonuses, and grants of stock options pursuant to our 1998 Stock Plan and our 2003 Nonstatutory Inducement Grant Stock Plan and (2) reviews and approves the terms and conditions of all employee benefit plans or changes to these plans. During 2003, the Compensation Committee met three times apart from regular meetings with the entire Board of Directors.

Audit Committee

The Audit Committee is comprised of Messrs. Churchill, Hinckley, Neff and Zug, all of whom meet the experience requirements set forth in the Nasdaq rules. The Board has determined that three of our four Audit Committee members, Messrs. Hinckley, Neff and Zug, qualify as audit committee financial experts as defined by the SEC. All four members of the Audit Committee are independent as defined by the SEC. The Audit Committee: (1) recommends to the Board the annual appointment of our independent auditors, (2) discusses and reviews in advance the scope and the fees of the annual audit, (3) reviews the results of the audit with the independent auditors and discusses the foregoing with the company's management, (4) reviews and approves non-audit services of the independent auditors, (5) reviews the activities, organizational structure and qualifications of the company's internal audit function, (6) reviews management's procedures and policies relating to the adequacy of our internal accounting controls and compliance with applicable laws relating to accounting practices and (7) reviews and discusses with our independent auditors their independence. The Audit Committee met twelve times in 2003 apart from regular meetings with the entire board. In connection with the execution of the responsibilities of the Audit Committee, including the review of the company's quarterly earnings prior to the public release of the information, the Audit Committee members communicated throughout 2003 with the company's management and independent accountants.

Nominating and Governance Committee

The Nominating and Governance Committee is comprised of Messrs. Churchill and Neff. The Nominating and Governance Committee assesses prospective candidates for the Board, makes recommendations to the entire Board with regard to such candidates, evaluates the composition, organization, and governance of the Board and its committees, and makes recommendations for the board's review with regard to the same. The Board has adopted a written charter for the Nominating and Governance Committee which is available on our website at www.amkor.com. The Nominating and Governance Committee met one (1) time during 2003 apart from regular meetings with the entire board.

The Nominating and Governance Committee determines the required selection criteria and qualifications of director nominees based upon the needs of our company at the time nominees are considered. The Nominating and Governance Committee considers factors including character, judgment, independence, age, expertise, diversity of experience, length of service and other commitments.

The Nominating and Governance Committee will consider the above factors for nominees identified by the Nominating and Governance Committee itself. The Nominating and Governance Committee uses the same process for evaluating all nominees, regardless of the original source of nomination. The Nominating and Governance Committee does not currently use the services of any third party search firm to assist in the identification or evaluation of Board member candidates. However, the committee may use such services in the future, as it deems necessary or appropriate at the time in question.

It is the policy of the Nominating and Governance Committee to consider both recommendations and nominations for candidates to the Board from stockholders. Stockholders wishing to recommend a candidate for consideration by the Nominating and Governance Committee as nominees for election to the Board of Directors can do so by writing to our Corporate Secretary at our principal executive offices giving each such candidate's name, home and business contact information, detailed biographical data and qualifications, information regarding any relationships between the candidate and Amkor within the last three years, written indication of the candidate's willingness to serve if elected, and evidence of the nominating person's ownership of Amkor stock.

Communications with the Board of Directors

Although we do not currently have a formal policy regarding communications with the Board of Directors, stockholders may communicate with the Board of Directors by writing to us at Amkor Technology, Inc., Attn. Investor Relations, 1345 Enterprise Drive, West Chester, Pennsylvania 19380. Stockholders who would like their submission directed to a member of the Board of Directors may so specify, and the communication will be forwarded, as appropriate.

Annual Meeting Attendance

Seven (7) directors attended the 2003 annual meeting of stockholders.

REPORT OF THE COMPENSATION COMMITTEE ON EXECUTIVE COMPENSATION

The Compensation Committee of the Board of Directors currently consists of Mr. Winston Churchill (Chairman), and Mr. Thomas George. Both members were designated by the Board on November 10, 1998. No member of the Compensation Committee during 2003 was an employee of Amkor or any of its subsidiaries. Each member meets the definition of "non-employee director" under Rule 16b-3 of the Securities Exchange Act of 1934, as amended, and is an "outside director" within the meaning of Section 162(m) of the Internal Revenue Code of 1986, as amended, (the "Code").

The Compensation Committee has overall responsibility for Amkor's executive compensation policies and practices. The Compensation Committee's functions include:

- Determining the compensation of our Chief Executive Officer.
- Reviewing and approving all other executive officers' compensation, including salary and payments under the executive bonus plan, in each case based in part upon the recommendation of our Chief Executive Officer.
- Granting awards to executive officers under our stock option incentive plans.
- Reviewing and making recommendations to the Board of Directors regarding compensation goals and guidelines for our employees and criteria by which bonuses to our employees are determined.
- Administering our 1998 Stock Plan, its Employee Stock Purchase Plan and the 2003 Nonstatutory Inducement Grant Stock Plan.

Compensation Philosophy

Amkor's compensation philosophy is to attract and retain top talent within the packaging industry through a multifaceted compensation approach. This includes aligning base pay with companies with whom we compete for top talent. These companies are within both the semiconductor and printed circuit board manufacturing sectors. Our approach to total cash compensation is that it should vary with Amkor's performance in attaining its financial and operational objectives. We have an incentive program for all employees which is proportional to our profitability. In addition, we have an executive bonus program that is based on annual operational performance.

Salaries

It is the Compensation Committee's objective to establish base salaries at levels that are comparable to those paid to executives with comparable qualifications, experience and responsibilities at other companies in the electronics industry, including semiconductor and printed circuit board companies. The Compensation Committee believes that it is necessary to attract and retain the leaders in the packaging industry, as Amkor competes with these companies for executive talent. At the end of the fiscal year, each executive officer was reviewed by Mr. Kim. The review of executive officers made in fiscal 2003 for performance related to their specific function within the organization and results achieved by them relative to key performance factors. The Compensation Committee reviewed independently these recommendations and approved, with any modifications that it deemed appropriate, the annual salary, including salary increases, for the executive officers. Industry, peer group and national survey results were also considered in making salary determinations to maintain parity of our pay practices within the electronics industry.

Compensation for the Chief Executive Officer

In fiscal 2003, James J. Kim served as the Chairman of the Board and Chief Executive Officer of Amkor. The Compensation Committee's criteria for determining Mr. Kim's compensation were driven by several

factors: the competitive marketplace, our position in the rapidly evolving technology sector in which it operates, our operating and financial performance in 2003, Mr. Kim's relative ownership interest in Amkor and, most importantly, his leadership and establishment and implementation of strategic direction for Amkor.

The Compensation Committee believes that Mr. Kim's performance throughout the fiscal year ended December 31, 2003 was outstanding and that he continues to demonstrate highly effective leadership.

Annual Incentive Compensation

Each executive officer's performance, as well as their total cash compensation on a peer-market level, was evaluated by the Compensation Committee to determine the appropriate cash bonus award. Additionally, industry standards regarding cash bonuses as a percentage of total base pay were reviewed to ensure alignment within the industry.

Executive Incentive Bonus Plan

An executive incentive plan was established by the Compensation Committee in 1999. This Executive Incentive Bonus Plan (the "EIBP"), is a cash based incentive bonus program. The purpose of this plan is to align executive officers' as well as key employees' performance with Amkor's objectives and operating income and revenue growth. The EIBP establishes performance targets for each of these three measures, and determines, by individual, the targeted bonus level for performance.

Employee Profit Sharing Plan

Most of our employees are eligible to participate in a cash bonus program which is proportional to corporate profitability. Annually, a percentage of our profit before taxes is allocated to the profit sharing pool. This allocation is distributed as a percentage of employees' base pay, to eligible participants within our company.

Long-Term Incentive Compensation

Long-term incentive compensation currently consists solely of stock options. The Compensation Committee is responsible for the administration of our stock option program. Option grants are made under the 1998 Stock Option Plan, as amended, at the fair market price on the date of grant and expire up to ten years after the date of the grant. The Compensation Committee believes that stock options are a competitive necessity in the electronics industry.

As a general rule, the Compensation Committee believes that a certain portion of the compensation package for all Executive Officers should be based on long-term incentives.

REPORT OF THE AUDIT COMMITTEE

The role of the Audit Committee is to review our company's financial reporting process on behalf of the Board of Directors. The Audit Committee is comprised solely of independent directors, as defined in the NASDAQ listing standards, and it operates under a written charter adopted by the Board of Directors, a copy of which is attached to this proxy statement as Appendix A. The Audit Committee reviews and reassesses the adequacy of the Audit Committee Charter on an annual basis.

As set out in the charter, the Audit Committee's overall responsibility is one of oversight. Management is responsible for the preparation, presentation and integrity of our company's consolidated financial statements, accounting and financial reporting principles, internal control and procedures designed to ensure compliance with accounting standards, applicable laws and regulations. The independent accountants are responsible for auditing our company's consolidated financial statements and expressing an opinion in accordance with

generally accepted auditing standards. The Audit Committee meets with the independent accountants, with and without management present, to discuss the results of their audit, the evaluation of our internal controls and the overall quality of our financial reporting.

In performing its oversight function, the Audit Committee considered and discussed our company's audited consolidated financial statements with management and the independent accountants. The Audit Committee discussed significant accounting policies applied by our company in its consolidated financial statements, as well as alternative treatments. Management represented to the Audit Committee that our consolidated financial statements were prepared in accordance with generally accepted accounting principles. The Audit Committee discussed with the independent accountants the matters required for discussion by Statement on Auditing Standards No. 61, *Communication with Audit Committees*. The Audit Committee discussed with the independent accountants their independence from Amkor and its management and obtained the written disclosures from the independent accountants required by Independence Standards Board Standard No. 1, *Independence Discussions with Audit Committees*. The Audit Committee considered whether the provision of non-audit services by Amkor's independent accountants is compatible with maintaining the independent accountants' independence. The Audit Committee concluded that the independent accountants are independent from Amkor and its management.

Based on all of the foregoing, the Audit Committee recommended to the Board of Directors, and the Board approved, that Amkor's audited consolidated financial statements be included in our Annual Report on Form 10-K for the year ended December 31, 2003. The Audit Committee selected and the Board of Directors ratified, subject to shareholder approval, the selection of Amkor's independent accountants for the audit of the consolidated financial statements for the year ending December 31, 2004.

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

The Compensation Committee currently consists of Messrs. Churchill and George. No member of the Compensation Committee was an officer or employee of Amkor or any of Amkor's subsidiaries during fiscal 2003. None of Amkor's Compensation Committee members or executive officers has served on the board of directors or on the compensation committee of any other entity one of whose executive officers served on our board of directors or on our Compensation Committee.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

We have had a long-standing relationship with Anam Semiconductor, Inc. ("ASI"). ASI was founded in 1956 by Mr. H. S. Kim, the father of Mr. James Kim, our Chairman and Chief Executive Officer. Through our supply agreements with ASI, we historically had a first right to substantially all of the packaging and test services capacity of ASI and the exclusive right to all of the wafer output of ASI's wafer fabrication facility. With our acquisition of K1, K2 and K3 in May 2000, we no longer received packaging and test services from ASI. Under the wafer fabrication services supply agreement which was consummated in January 1998 and terminated as of February 28, 2003, we had the exclusive right but not the requirement to purchase all of the wafer output of ASI's wafer fabrication facility on pricing terms negotiated annually. As part of our strategy to sell our investment in ASI and to divest our wafer fabrication services business, we entered into a series of transactions beginning in the second half of 2002:

- In September 2002, we sold 20 million shares of ASI common stock to Dongbu Group in exchange for 5700 Korean won per share, the market value of ASI common stock as traded on the Korean Stock Exchange at the time we entered into the share sale agreement. We received \$58.1 million in net cash proceeds and 42 billion won (approximately \$34.2 million based on the spot exchange rate on the closing date) of interest bearing notes from Dongbu Corporation payable in two equal principal payments in September 2003 and February 2004. The Dongbu Group comprises Dongbu Corporation, Dongbu Fire Insurance Co., Ltd. and Dongbu Life Insurance Co., Ltd., all of which are Korean corporations and are collectively referred to herein as "Dongbu." Associated with this transaction, we recorded a \$1.8 million loss. Additionally, we divested one million shares of ASI common stock in connection with the payment of certain advisory fees related to this transaction. On September 30, 2003, we received 21 billion won (approximately \$18.3 million based on the September 30, 2003 spot exchange rate), consisting of the principal amount due under the notes from Dongbu. The remaining principal, or 21 billion won (approximately \$17.8 million based on the spot exchange rate on the transaction date), was received on February 10, 2004.
- In separate transactions designed to facilitate a future merger between ASI and Dongbu, (i) we acquired a 10% interest in Acqutek from ASI for \$1.9 million, the market value of the shares as publicly traded in Korea; (ii) we acquired the Precision Machine Division ("PMD") of Anam Instruments, a related party to Amkor, for \$8 million, its fair value; and (iii) Anam Instruments, which had been partially owned by ASI, utilized the proceeds from the sale of PMD to us to buy back all of the Anam Instruments shares owned by ASI. Acqutek supplies materials to the semiconductor industry and is publicly traded in Korea. An entity controlled by the family of James Kim, our Chairman and Chief Executive Officer, held a 25% ownership interest in Acqutek at the time of our acquisition of our interest in Acqutek. We have historically purchased and continue to purchase leadframes from Acqutek. On September 17, 2003, we sold our entire ownership interest in Acqutek. PMD supplies sophisticated die mold systems and tooling to the semiconductor industry and historically over 90% of its sales were to Amkor. We determined the fair value of PMD based on projected cash flows discounted at a rate commensurate with the risk involved. At the time of our acquisition of PMD, Anam Instruments was owned 20% by ASI and 20% by a family member of James Kim.
- On February 28, 2003, we sold our wafer fabrication services business to ASI for \$62 million. We negotiated the fair value of our wafer fabrication services business with ASI and Dongbu. The parties calculated fair value based on an assessment of projected cash flows discounted at a rate commensurate

with the risk involved. We obtained a release from Texas Instruments regarding our contractual obligations with respect to wafer fabrication services to be performed subsequent to the transfer of the business to ASI.

Each of the transactions with Dongbu, ASI and Anam Instruments are interrelated and it is possible that if each of the transactions were viewed on a stand-alone basis without regard to the other transactions, we could have had different conclusions as to fair value. It is likely that we would not have entered into the Acqutek or PMD transactions absent the share sale to Dongbu and the sale of the wafer fabrication services business to ASI. Had these transactions not been interrelated, we may have utilized a different negotiation strategy for the investment in Acqutek and the acquisition of PMD, which could have resulted in us reaching a different conclusion of the fair value of both of these transactions.

Pursuant to the definitive agreements, (1) Amkor and Dongbu agreed to use reasonable best efforts to cause Dongbu Electronics and ASI to be merged together as soon as practicable, (2) Amkor and Dongbu agreed to cause ASI to use the proceeds ASI received from its sale of stock to Dongbu to purchase shares in Dongbu Electronics and (3) Amkor and Dongbu agreed to use their best efforts to provide releases and indemnifications to the chairman, directors and officers of ASI, either past or incumbent, from any and all liabilities arising out of the performance of their duties at ASI between January 1, 1995 and December 31, 2001. The last provision would provide a release and indemnification for James Kim, our CEO and Chairman, and members of his family. We are not aware of any claims or other liabilities which these individuals would be released from or for which they would receive indemnification.

At January 1, 2001 and 2002 Amkor owned 42% of ASI's voting stock. During 2002, we divested 21 million shares of ASI stock and at December 31, 2002 Amkor owned 26.7 million shares of ASI or 21%. The carrying value of our investment in ASI at December 31, 2002 was \$77.5 million, or \$2.90 per share. Beginning March 24, 2003, we ceased accounting for our investment in ASI under the equity method of accounting and commenced accounting for our investment as a marketable security that is available for sale. As of December 31, 2003, we owned 14.7 million shares of ASI, or 12% of ASI's voting stock. The carrying value of our remaining investment in ASI at December 31, 2003, including an unrealized gain of \$10.0, was \$50.4 million, or \$3.43 per share. We intend to sell our remaining investment in ASI. The ultimate level of proceeds from the sale of our remaining investment in ASI could be less than the current carrying value.

We have had other relationships with ASI affiliated companies for construction services and equipment. We believe each of these transactions was conducted on an arms-length basis in the ordinary course of business. Total purchases from ASI and its affiliates for the years ended December 31, 2003, 2002 and 2001 were \$31.1 million, \$212.6 million and \$161.6 million. Construction services and equipment purchases received from ASI and its affiliates capitalized during the years ended December 31, 2002 and 2001 were \$2.8 million and \$14.7 million, respectively. We received less than \$0.1 million of construction services from ASI and its affiliates during 2003.

Total purchases from Acqutek included in cost of revenue for 2003, 2002 and 2001 were \$16.1 million, \$16.0 million and \$14.0 million, respectively, which we believe were conducted on an arms-length basis in the ordinary course of business.

We entered into indemnification agreements with our officers and directors. These agreements contain provisions which may require us, among other things, to indemnify the officers and directors against certain liabilities that may arise by reason of their status or service as directors or officers (other than liabilities arising from willful misconduct of a culpable nature). We also agreed to advance them any expenses for proceedings against them that we agreed to indemnify them from.

As of December 31, 2003, Mr. James Kim and members of his immediate family beneficially owned approximately 42% of our outstanding common stock.

Amkor Electronics, Inc. (AEI), which was merged into our company just prior to the initial public offering of our company in May 1998, elected to be taxed as an S Corporation under the provisions of the Internal Revenue Code of 1986 and comparable state tax provisions. As a result, AEI did not recognize U.S. federal corporate income taxes. Instead, the stockholders of AEI were taxed on their proportionate share of

AEI's taxable income. Accordingly, no provision for U.S. federal income taxes was recorded for AEI. Just prior to the initial public offering, AEI terminated its S Corporation status at which point the profits of AEI became subject to federal and state income taxes at the corporate level. We consummated a tax indemnification agreement between us, our predecessor and James Kim and his family (collectively, the "Kim Family"). James Kim, is our founder and significant stockholder, and currently serves as our Chairman and CEO. Under the terms of the tax indemnification agreement, Amkor indemnifies the former owners of AEI for the settlement of AEI's S Corporation federal and state tax returns and any adjustments to the reported taxable income. At the time AEI was converted to a C Corporation, AEI and the Kim Family identified certain federal and state tax overpayments associated with the results of AEI during S Corporation status years and AEI, in May 1998, paid such amounts to the Kim Family. These amounts, which principally related to the finalization of AEI's federal tax return, were reflected as a receivable from stockholders in the stockholders' equity section of our balance sheets. As the refunds were paid by the associated taxing authorities and received by the Kim Family, the Kim Family, in turn, remitted the funds to Amkor. During 2002, \$0.4 million of tax refunds were received by the Kim Family and used to pay down the stockholder receivables. During the fourth quarter of 2003, the receivable was collected in full.

At December 31, 2002, other noncurrent assets included \$6.0 million for the cash surrender value of life insurance policies in which the beneficiary was our Chairman and CEO. In December 2003, our Chairman and CEO paid to us \$6.0 million for this asset, the book value and fair value of the asset at that time, and accordingly, no balance exists at December 31, 2003.

We lease office space in West Chester, Pennsylvania from certain of our stockholders. The lease expires in 2006. We have the option to extend the lease for an additional 10 years through 2016. Amounts paid for this lease in 2003 were \$1.1 million. Our sublease income includes \$0.5 million in each of the three years ended December 31, 2003 from a company in which certain related parties have ownership interests.

In January 1998, we loaned \$120,000 to Mr. Boruch, our President and Chief Operating Officer, which was repaid in full in 2003.

COMPLIANCE WITH SECTION 16(a) OF THE SECURITIES EXCHANGE ACT OF 1934

Section 16(a) of the Securities Exchange Act of 1934 requires our officers and directors, and persons who own more than ten percent of a registered class of our equity securities, to file reports of ownership on Form 3 and changes in ownership on Form 4 or 5 with the Securities and Exchange Commission (the "SEC") and the National Association of Securities Dealers, Inc. Such officers, directors and ten-percent stockholders are also required by SEC rules to furnish Amkor with copies of all forms that they file pursuant to Section 16(a). Based solely on our review of the copies of such forms received by us, or written representations from certain reporting persons that no other reports were required for such persons, Amkor believes that all Section 16(a) filing requirements applicable to our officers, directors and ten-percent stockholders were complied with in a timely fashion.

- (1) 25% of shares subject to the option become exercisable one year after the date of grant and an additional 1/48 of such shares subject to the option becoming exercisable each month thereafter.
- (2) Potential realizable value is based on the assumption that: (1) our common stock will appreciate at the compound annual rate shown from the date of grant until the expiration of the option term and (2) that the option is exercised at the exercise price and sold on the last day of its term at the appreciated price. We assume stock appreciation of 5% and 10% pursuant to rules promulgated by the Securities and Exchange Commission, and these percentages do not reflect our estimate of future stock price growth.
- (3) These options were granted pursuant to a voluntary stock option replacement program initiated on November 8, 2002. This program allowed employees and members of our Board of Directors to surrender their existing options and to receive new option grants six months and one day after the tendered options were cancelled. On June 16, 2003, we issued these new option grants equal to the same number of shares surrendered by the employees and members of our Board of Directors. The exercise price is \$10.79 per share, equal to the fair market value of common stock as of the new grant date. The vesting term of these new options are similar to the tendered options except the new options contain an additional one-year vesting period prior to any options becoming exercisable.

YEAR-END OPTION VALUES

Also reported are the values for "in-the-money" options which represent the positive spread between the exercise price of any such existing stock options and the year-end price of our common stock.

OPTION REPRICING

On November 8, 2002, we initiated a voluntary stock option replacement program. This program allowed employees and members of our Board of Directors to surrender existing options and to receive new option grants six months and one day after the tendered options were cancelled. On June 16, 2003, we issued new option grants equal to the same number of shares surrendered. The exercise price is \$10.79 per share, equal to the fair market value of common stock as of the new grant date. COMPENSATION COMMITTEE REPORT ON REPRICING

We grant stock options to officers, employees, and directors in order to motivate such persons in their provision of services to us. The Compensation Committee believes that such equity incentives are a significant factor in our ability to attract, retain and motivate officers, employees, and directors who are critical to our business plan and long-term success. As a result of the decline in the fair market value of our common stock in the several months prior to November 8, 2002, many of our officers, employees and directors held stock options with exercise prices substantially in excess of the fair market value of our common stock. It was the view of the Compensation Committee that stock options with exercise prices substantially above the fair market value of our common stock were viewed negatively by, and provided little incentive to, the holders of these options.

After considering various alternatives to address employee retention, compensation incentives and long-term compensation issues, the Compensation Committee approved the option exchange program described above. In approving this exchange program, the Compensation Committee was of the opinion that the disparity between the original exercise prices of the outstanding stock options and the fair market value of our common stock did not provide a meaningful incentive or retention device to the service providers holding such

stock options. The Compensation Committee therefore decided that offering the option exchange program was in the best interests of Amkor and its stockholders.

Under the exchange program, employees and members of our Board of Directors could elect to surrender their existing options and be granted new options no earlier than six months and one day after the tendered options were cancelled. Pursuant to the terms and conditions of the offer to exchange, a total of 1,633 eligible employees participated. On June 16, 2003, we granted 6,978,563 shares of our common stock under the 1998 Stock Plan and 35,000 shares of our common stock under the 1998 Director Option Plan for the options tendered by eligible employees and members of our Board of Directors and accepted by Amkor. For options that were granted under the previously existing 1998 French Plan, which was terminated in April 2003, and that were surrendered pursuant to the voluntary stock option replacement program, we granted an additional 248,200 replacement options under the 1998 Stock Plan. We have issued new option grants equal to the same number of shares surrendered by the employees. The exercise price of the new options was \$10.79, which was equal to the fair market value of our stock price on the date of grant. The vesting term of these new options is similar to the tendered options except the new options contain an additional one-year vesting period prior to any options becoming exercisable.

- (a) The number and percentage of shares beneficially owned is determined in accordance with Rule 13d-3 under the Securities Exchange Act of 1934, as amended. The information is not necessarily indicative of beneficial ownership for any other purpose. Under this rule, beneficial ownership includes any share over which the individual or entity has voting power or investment power. In computing the number of shares beneficially owned by a person and the percentage ownership of that person, shares of our common stock subject to options held by that person that will be exercisable on or before March 31, 2004 are deemed outstanding. Unless otherwise indicated, each person or entity has sole voting and investment power with respect to shares shown as beneficially owned.
- (b) Represents 29,727,093 shares held by James J. and Agnes C. Kim; 484,367 shares issuable upon the exercise of stock options that are exercisable by Mr. Kim on or before July 30, 2004; 139,516 shares issuable upon the conversion of convertible debt held by Mrs. Kim that is convertible on or before March 15, 2007; 14,457,344 shares held by the David D. Kim is sole Trustee for the David D. Kim Trust of December 31, 1987. John T. Kim is sole Trustee for the John T. Kim Trust of December 31, 1987. Certain of the trusts referenced in this footnote, together with their respective trustees and James J. and Agnes C. Kim may be considered a "group" under Section 13(d) of the Exchange Act on the basis that the trust agreement for each of those trusts encourages the trustees of the trusts to vote the shares of our common stock held by them, in their discretion, in concert with James Kim's extended family. In addition, all the directors and officers of The James and Agnes Kim Foundation, Inc. (the "Kim Foundation") are members of the family of James J. Kim. Each of the foregoing persons and entities stated that the filing of their beneficial ownership reporting statements shall not be construed as an admission that such person is, for the purposes of Section 13(d) or 13(g) of the Exchange Act, the beneficial owner of the shares of our common stock reported as beneficially owned by the other such persons and entities.

PROPOSAL TWO

RATIFICATION OF APPOINTMENT OF INDEPENDENT ACCOUNTANTS

The Audit Committee has recommended, and the Board has approved, the appointment of PricewaterhouseCoopers LLP ("PricewaterhouseCoopers") as our independent accountants for fiscal 2004 subject to your approval.

PricewaterhouseCoopers has served as our independent accountants since 2000. The Board of Directors expects that representatives of PricewaterhouseCoopers will attend the Annual Meeting to make a statement if they desire to do so, and such representatives are expected to be available to answer appropriate questions.

The following table shows the fees paid or accrued by us for the fiscal years 2003 and 2002. Certain 2002 amounts have been reclassified to conform to the current year presentation:

	Year Ended December 31,	
	2003	2002
	(In thousands)	
Audit Fees	\$1,549	\$1,453
Audit-Related Fees(a)	56	53
Tax Fees(b)	58	52
All Other Fees	—	—
Total	\$1,663	\$1,558

(a) Audit-related fees consist primarily of fees associated with employee benefit plan audits, accounting consultations; as well as due diligence related activity performed during 2002.

(b) Tax fees consist primarily of fees associated with tax compliance services.

Our Audit Committee is required to pre-approve the audit and non-audit services performed by our principal accountants, PricewaterhouseCoopers LLP, in accordance with the Amkor Audit and Non-Audit Services Pre-Approval Policy. This policy provides for pre-approval of audit, audit-related, tax services and other services specifically described by the Audit Committee. The policy also provides for the general approval of additional individual engagements, which, if they exceed certain pre-established thresholds, must be separately approved by the Audit Committee. This policy authorizes the Audit Committee to delegate to one or more of its members pre-approval authority with respect to permitted services, provided that any such pre-approval decisions must be reported to the Audit Committee. 100% of the above principal accountant services were approved by the Audit Committee during 2003, which concluded that the provision of such services by PricewaterhouseCoopers LLP was compatible with the maintenance of that firm's independence in the conduct of its auditing functions.

REQUIRED VOTE

The ratification of the selection of PricewaterhouseCoopers requires the affirmative vote of the holders of the majority of shares of Common Stock present or represented and entitled to vote at the Annual Meeting. Abstentions and broker non-votes will be counted as present for purposes of determining whether a quorum is present, and broker non-votes will not be treated as entitled to vote on this matter at the Annual Meeting.

**Your Board unanimously recommends a vote FOR the ratification of appointment of
Pricewaterhousecoopers LLP as independent accountants for 2004.**
