- (1) Assumes conversion of all of the Convertible Notes at a conversion price of \$35.00 per share of common stock. However, this conversion price will be subject to adjustment as described in the prospectus. As a result, the amount of common stock issuable upon conversion of the Convertible Notes may increase or decrease in the future.
- (2) Calculated based on Rule 13d-3(d)(i) of the Exchange Act using 165,154,229 shares of the common stock outstanding as of November 14, 2002. In calculating this amount, we treated as outstanding the number of shares of common stock issuable upon conversion of all of that particular holder's Convertible Notes. However, we did not assume the conversion of any other holder's Convertible Notes.

We prepared this table based on the information supplied to us on or before November 14, 2002 by the selling securityholders named in the table.

The date of this prospectus is November 15, 2002.
